80/20 Sales and Marketing - Perry Marshall 2013-08-13

Marketer Perry Marshall converts the widely known 80/20 principle into a master framework that multiplies the power of everything you do in sales and marketing and makes scary-accurate predictions. It's the ultimate secret to selling more while working less. Guided by famed marketing consultant and best-selling author Perry Marshall, sales and marketing professionals save 80 percent of their time and money by zeroing in on the right 20 percent of their market - then apply 80/202 and 80/203 to gain 10X, even 100X the success. With a powerful 80/20 software tool (online, included with the book), sellers and marketers uncover how to slash time-wasters; advertise to hyper-responsive buyers and avoid tire-kickers; gain coveted positions on search engines; differentiate themselves from competitors and gain esteem in their marketplace. With the included tools they'll see exactly how much money they're leaving on the table, and how to put it back in their pockets. Sellers will identify untapped markets, high-profit opportunities and incremental improvements, gaining time and greater profit potential. Supported by online tools from Marshall, including The 80/20 Power Curve, a tool that helps you see invisible money, and a Marketing DNA Test, a personal assessment that zeroes in on one's natural selling assets, this timeless guide promises to change the game for seasoned and novice

marketers and sellers.

The 80/20 Principle - Richard Koch 2011-01-11

Suicide of the West - Richard Koch 2006-06-26

A large degree of success in Western civilization can be traced to six principal ideas - Christianity, optimism, science, economic growth,

liberalism, and individualism. In theory, a synthesis of these ideas could provide a way for the West to recover its nerve and integrity. But in practice? This book seeks to find the answer.

The 80/20 Principle and 92 Other Powerful Laws of Nature - Richard Koch 2013-06-06

Insight from science for business success In a brand new Preface, bestselling author Richard Koch describes a paradigm shift in business, whereby intuition is more important than analysis, ideas and product trump strategy, and influence is superior to control. In this essential companion to his bestselling *The 80/20 Principle* - the radical power law that helped thousands of people achieve more by doing less - Koch illuminates 92 other universal principles and laws to promote the science of success in an increasingly challenging business environment. From natural selection to genes and memes, from Newtonian physics to chaos and co-opetition, Koch demonstrates, in both theory and practice, what science can teach business: - Why growth is much easier to find than sustain - Why co-operating is better than competing - How there are infinite ways to fail, but also multiple ways to succeed

Smarter Faster Better - Charles Duhigg 2016-03-24

In the international bestseller *The Power of Habit*, Pulitzer Prize-winning journalist Charles Duhigg explained why we do what we do. In *Smarter Faster Better*, he applies the same relentless curiosity, rigorous reporting and rich storytelling to explain how we can get better at the things we do. The result is a groundbreaking exploration of the science of productivity. A group of data scientists at Google embark on a four-year study of how the best teams function, and find that how a group interacts is much more important than who is in the group. A Marine Corps general, faced with low morale among recruits, reimagines boot camp - and discovers that instilling a 'bias toward action' can turn even the most directionless teenagers into self-motivating achievers. The filmmakers behind Disney's *Frozen* are on the brink of catastrophe - until they shake up their team in just the right way, spurring a creative breakthrough that leads to one of the highest-grossing movies of all time. What do these people have in common? They know that productivity

relies on making certain choices. The way we frame our daily decisions; the big ambitions we embrace and the easy goals we ignore; the cultures we establish as leaders to drive innovation: these are the things that separate the merely busy from the genuinely productive. At the core of *Smarter Faster Better* are eight key concepts - from motivation and goal-setting to focus and decision-making - that explain why some people and companies get so much done. Drawing on the latest findings in neuroscience, psychology and behavioural economics - as well as the experiences of CEOs, educational reformers, four-star generals, airplane pilots and Broadway songwriters - this painstakingly researched book explains that the most productive people, companies and organizations don't merely act differently. They view the world, and their choices, in profoundly different ways.

The Love Hypothesis - Ali Hazelwood 2021-09-14

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his

unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

The Power of Habit - Charles Duhigg 2012-02-28

NEW YORK TIMES BESTSELLER • This instant classic explores how we can change our lives by changing our habits. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Wall Street Journal • Financial Times In *The Power of Habit*, award-winning business reporter Charles Duhigg takes us to the thrilling edge of scientific discoveries that explain why habits exist and how they can be changed. Distilling vast amounts of information into engrossing narratives that take us from the boardrooms of Procter & Gamble to the sidelines of the NFL to the front lines of the civil rights movement, Duhigg presents a whole new understanding of human nature and its potential. At its core, *The Power of Habit* contains an exhilarating argument: The key to exercising regularly, losing weight, being more productive, and achieving success is understanding how habits work. As Duhigg shows, by harnessing this new science, we can transform our businesses, our communities, and our lives. With a new Afterword by the author "Sharp, provocative, and useful."—Jim Collins "Few [books] become essential manuals for business and living. *The Power of Habit* is an exception. Charles Duhigg not only explains how habits are formed but how to kick bad ones and hang on to the good."—Financial Times "A flat-out great read."—David Allen, bestselling author of *Getting Things Done: The Art of Stress-Free Productivity* "You'll never look at yourself, your organization, or your world quite the same way."—Daniel H. Pink, bestselling author of *Drive* and *A Whole New Mind* "Entertaining . . . enjoyable . . . fascinating . . . a serious look

at the science of habit formation and change.”—The New York Times Book Review

Living the 80/20 Way, New Edition - Richard Koch 2011-02-22

Helps the reader to succeed personally as well as professionally, to make a good life as well as a living.

The 80/20 Principle, Third Edition - Richard Koch 2011-11-09

Be more effective with less effort by learning how to identify and leverage the 80/20 principle: that 80 percent of all our results in business and in life stem from a mere 20 percent of our efforts. The 80/20 principle is one of the great secrets of highly effective people and organizations. Did you know, for example, that 20 percent of customers account for 80 percent of revenues? That 20 percent of our time accounts for 80 percent of the work we accomplish? The 80/20 Principle shows how we can achieve much more with much less effort, time, and resources, simply by identifying and focusing our efforts on the 20 percent that really counts. Although the 80/20 principle has long influenced today's business world, author Richard Koch reveals how the principle works and shows how we can use it in a systematic and practical way to vastly increase our effectiveness, and improve our careers and our companies. The unspoken corollary to the 80/20 principle is that little of what we spend our time on actually counts. But by concentrating on those things that do, we can unlock the enormous potential of the magic 20 percent, and transform our effectiveness in our jobs, our careers, our businesses, and our lives.

The ONE Thing - Gary Keller 2013-04-01

- More than 500 appearances on national bestseller lists
- #1 Wall Street Journal, New York Times, and USA Today
- Won 12 book awards
- Translated into 35 languages
- Voted Top 100 Business Book of All Time on Goodreads

People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. YOU WANT LESS. You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost? Second-rate work, missed deadlines, smaller paychecks, fewer promotions--and lots of stress. AND YOU WANT MORE. You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. NOW YOU CAN HAVE BOTH — LESS AND MORE. In The ONE Thing, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal* dial down the stress * overcome that overwhelmed feeling * revive your energy * stay on track * master what matters to you The ONE Thing delivers extraordinary results in every area of your life--work, personal, family, and spiritual. WHAT'S YOUR ONE THING?

Simplify - Richard Koch 2016-04-07

For the past 40 years Richard Koch has wanted to uncover the simple, elemental, elegant and parsimonious principles that are needed to create great new businesses. To qualify, a principle must be so overwhelmingly powerful that anyone can reliably use it towards extraordinary results. Is

there any principle that can tell you how to do that consistently and with a high chance of success? Working with venture capitalist Greg Lockwood, his co-author on SUPERCONNECT, and supported by research from the elite firm of OC&C Strategy Consultants, Koch has the answer. The principle Koch and Lockwood have discovered behind extraordinarily successful businesses is simplifying. Some simplify on price - take Ryanair's budget flights which still take you from A to B, but so cheaply that nearly everyone can afford them, multiplying the size of their market - and some simplify on proposition, such as Apple's decision to cut down on the number of their product lines and focus on perfecting only a few devices. With case studies of famous companies in all different industries from finance to fast food, the authors show how anyone can analyse their business's potential to become a simplifier, and which route they should take to maximise the impact.

Loserthink - Scott Adams 2019-11-05

From the creator of Dilbert and author of Win Bigly, a guide to spotting and avoiding loserthink: sneaky mental habits trapping victims in their own bubbles of reality. If you've been on social media lately, or turned on your TV, you may have noticed a lot of dumb ideas floating around. "We know when history will repeat and when it won't." "We can tell the difference between evidence and coincidences." "The simplest explanation is usually true." Wrong, wrong, and dangerous! If we're not careful, loserthink would have us believe that every Trump supporter is a bigoted racist, addicts should be responsible for fixing the opioid epidemic, and that your relationship fell apart simply because you chewed with your mouth open. Even the smartest people can slip into loserthink's seductive grasp. This book will teach you how to spot and avoid it--and will give you scripts to respond when hollow arguments are being brandished against you, whether by well-intentioned friends, strangers on the internet, or political pundits. You'll also learn how to spot the underlying causes of loserthink, like the inability to get ego out of your decisions, thinking with words instead of reasons, failing to imagine alternative explanations, and making too much of coincidences. Your bubble of reality doesn't have to be a prison. This book will show

you how to break free--and, what's more, to be among the most perceptive and respected thinkers in every conversation.

Decisive - Chip Heath 2013-03-26

The four principles that can help us to overcome our brains' natural biases to make better, more informed decisions--in our lives, careers, families and organizations. In *Decisive*, Chip Heath and Dan Heath, the bestselling authors of *Made to Stick* and *Switch*, tackle the thorny problem of how to overcome our natural biases and irrational thinking to make better decisions, about our work, lives, companies and careers. When it comes to decision making, our brains are flawed instruments. But given that we are biologically hard-wired to act foolishly and behave irrationally at times, how can we do better? A number of recent bestsellers have identified how irrational our decision making can be. But being aware of a bias doesn't correct it, just as knowing that you are nearsighted doesn't help you to see better. In *Decisive*, the Heath brothers, drawing on extensive studies, stories and research, offer specific, practical tools that can help us to think more clearly about our options, and get out of our heads, to improve our decision making, at work and at home.

How to Be Unreasonably Successful - Richard Koch 2020-08-11

How do people of seemingly ordinary talent go on to achieve unexpected results? What can we learn from them? What are the ingredients for unreasonable success and how is it achieved? In this ground-breaking book, bestselling author Richard Koch charts a map of success, identifying the nine key attitudes and strategies can propel anyone to new heights of accomplishment. The pattern of success is fractal. It is endlessly varied but endlessly similar. Success does not require genius, consistency, all-round ability, a safe pair of hands or even basic competence. If it did, most of the people in this book would not have impacted the world as they did. Who could have predicted that Nelson Mandela, a once-obscure lawyer, could have averted disaster in South

Africa, reconciling people of different heritages to each other and establishing a viable democracy? Or that Helena Rubinstein, a young woman growing up in the grotty ghetto of Krakow, could have changed the face of beauty throughout the world? Or that the illegitimate son of a notary would become one of the world's greatest painters, known universally by his first name, Leonardo? Successful people typically don't plan their success. Instead they develop a unique philosophy or attitude that works for them. They stumble across strategies which are shortcuts to success, and latch onto them. Events hand them opportunities they could not have anticipated. Often their peers with equal or greater talent fail while they succeed. It is too easy to attribute success to inherent, unstoppable genius. With this book, you can embark on a journey towards a new, unreasonably successful future.

12 Rules for Life - Jordan B. Peterson 2018-01-23

#1 NATIONAL BESTSELLER #1 INTERNATIONAL BESTSELLER What does everyone in the modern world need to know? Renowned psychologist Jordan B. Peterson's answer to this most difficult of questions uniquely combines the hard-won truths of ancient tradition with the stunning revelations of cutting-edge scientific research. Humorous, surprising and informative, Dr. Peterson tells us why skateboarding boys and girls must be left alone, what terrible fate awaits those who criticize too easily, and why you should always pet a cat when you meet one on the street. What does the nervous system of the lowly lobster have to tell us about standing up straight (with our shoulders back) and about success in life? Why did ancient Egyptians worship the capacity to pay careful attention as the highest of gods? What dreadful paths do people tread when they become resentful, arrogant and vengeful? Dr. Peterson journeys broadly, discussing discipline, freedom, adventure and responsibility, distilling the world's wisdom into 12 practical and profound rules for life. 12 Rules for Life shatters the modern commonplaces of science, faith and human nature, while transforming and ennobling the mind and spirit of its readers.

The 80/20 Manager - Richard Koch 2013-10-01

Bestselling author Richard Koch shows managers how to apply the 80/20

Principle to achieve exceptional results at work -- without stress or long hours. In his bestselling book *The 80/20 Principle*, Richard Koch showed readers how to put the 80/20 Principle -- the idea that 80 percent of results come from just 20 percent of effort -- into practice in their personal lives. Now in *The 80/20 Manager*, he demonstrates how to apply the principle to management. An 80/20 manager learns to focus only on the issues that really matter, achieving exceptional results, and feeling successful everyday while working less hard in fewer hours. A large number of managers -- especially in these difficult times -- feel completely overwhelmed. Their inboxes are overflowing and they constantly struggle to finish their to-do lists, leaving little time for the things that really matter. *The 80/20 Manager* shows a new way to look at management -- and at life -- to enjoy work and build a successful and fulfilling career.

The 80/20 Individual - Richard Koch 2005-03-15

A new 21st century individualism is overtaking "corporation-as-king" capitalism, transforming the way we work and live. Today, real power rests in the hands of creative individuals like Bill Gates, Warren Buffett, Oprah Winfrey, and Steven Spielberg, who are changing the world one great idea at a time. In *THE 80/20 INDIVIDUAL*, Richard Koch reveals the secret of their success: they discovered what they do better than anyone else and rode it for all its worth. In this inspiring sequel to his classic bestseller *THE 80/20 PRINCIPLE*, Koch shows how to maximize success in your career and life by using the proven principle that 80 percent of changes in the world result from the most powerful 20 percent of actions and ideas. He'll show how to use your own powerful "20 percent spike" -- your most creative ideas and unique skills -- to measure the amount of value you bring to your employer, clients or customers. For most people, there is a huge disparity between their intrinsic value and the compensation they receive for their efforts. *THE 80/20 INDIVIDUAL* shows how to narrow that gap. Drawing from his own success as an entrepreneur, as well as from the stories of scores of companies and individuals who have flourished as a result of an 80/20 mind-set, Koch offers a step-by-step method to remodeling a career or

existing business, or creating a new one - one that most benefits you. He provides valuable insights on finding 80/20 partners, hiring 80/20 employees, and running an 80/20 business. By building a team that supports your efforts and excels in areas where you lack experience or knowledge, you'll be able to focus your time and energy on your strengths. Productivity and profits will soar because you'll be doing what you do best and enjoy the most. By using the 80/20 strategies outlined in the book, you can take control of your career and financial future.

Living the 80/20 Way by Richard Koch (Summary) - QuickRead

Do you want more free book summaries like this? Download our app for free at <https://www.QuickRead.com/App> and get access to hundreds of free book and audiobook summaries. Learn how living the 80/20 way can help you find happiness and success by simply doing less. Like most people in today's society, you may be tired of the daily grind. You simply

wake up, head to work, sit at your desk all day, head home, eat dinner, go to bed, and do it all again the next day. There has to be more, right? Well, according to Koch, we are living life all wrong; instead of working to live, we live to work. We spend most of our time exerting our energy at work, only to find that when we get home, we are too exhausted and to give our best selves to our families and friends. Here's where the 80/20 principle comes in. The 80/20 principle refers to the observation that roughly 80 percent of results stem from 20 percent of causes. For example, the world's top 20 percent of people generate 80 percent of the world's wealth. While this principle has been used successfully in the business and economics world, it can now be applied to the lives of any individual. In other words, we can achieve more by doing less. As you read, you'll learn how to find your happiness islands, how to save money like the wealthy, and lastly, how living a simple life may be the key to success.

The 5AM Club - Robin Sharma 2018-12-04

Legendary leadership and elite performance expert Robin Sharma introduced The 5am Club concept over twenty years ago, based on a revolutionary morning routine that has helped his clients maximize their productivity, activate their best health and bulletproof their serenity in this age of overwhelming complexity. Now, in this life-changing book, handcrafted by the author over a rigorous four-year period, you will discover the early-rising habit that has helped so many accomplish epic results while upgrading their happiness, helpfulness and feelings of aliveness. Through an enchanting—and often amusing—story about two struggling strangers who meet an eccentric tycoon who becomes their secret mentor, The 5am Club will walk you through: How great geniuses, business titans and the world's wisest people start their mornings to produce astonishing achievements A little-known formula you can use instantly to wake up early feeling inspired, focused and flooded with a fiery drive to get the most out of each day A step-by-step method to protect the quietest hours of daybreak so you have time for exercise, self-renewal and personal growth A neuroscience-based practice proven to help make it easy to rise while most people are sleeping, giving you

precious time for yourself to think, express your creativity and begin the day peacefully instead of being rushed “Insider-only” tactics to defend your gifts, talents and dreams against digital distraction and trivial diversions so you enjoy fortune, influence and a magnificent impact on the world Part manifesto for mastery, part playbook for genius-grade productivity and part companion for a life lived beautifully, The 5am Club is a work that will transform your life. Forever.

Atomic Habits - James Clear 2018-10-16

The #1 New York Times bestseller. Over 4 million copies sold! Tiny Changes, Remarkable Results No matter your goals, Atomic Habits offers a proven framework for improving--every day. James Clear, one of the world's leading experts on habit formation, reveals practical strategies that will teach you exactly how to form good habits, break bad ones, and master the tiny behaviors that lead to remarkable results. If you're having trouble changing your habits, the problem isn't you. The problem is your system. Bad habits repeat themselves again and again not because you don't want to change, but because you have the wrong system for change. You do not rise to the level of your goals. You fall to the level of your systems. Here, you'll get a proven system that can take you to new heights. Clear is known for his ability to distill complex topics into simple behaviors that can be easily applied to daily life and work. Here, he draws on the most proven ideas from biology, psychology, and neuroscience to create an easy-to-understand guide for making good habits inevitable and bad habits impossible. Along the way, readers will be inspired and entertained with true stories from Olympic gold medalists, award-winning artists, business leaders, life-saving physicians, and star comedians who have used the science of small habits to master their craft and vault to the top of their field. Learn how to: make time for new habits (even when life gets crazy); overcome a lack of motivation and willpower; design your environment to make success easier; get back on track when you fall off course; ...and much more. Atomic Habits will reshape the way you think about progress and success, and give you the tools and strategies you need to transform your habits--whether you are a team looking to win a championship, an organization hoping to

redefine an industry, or simply an individual who wishes to quit smoking, lose weight, reduce stress, or achieve any other goal.
