Hopscotch - Julio Cortazar 2014-08-05

Translated by Gregory Rabassa, winner of the National Book Award for Translation, 1967 Horacio Oliveira is an Argentinian writer who lives in Paris with his mistress, La Maga, surrounded by a loose-knit circle of bohemian friends who call themselves "the Club." A child's death and La Maga's disappearance put an end to his life of empty pleasures and intellectual acrobatics, and prompt Oliveira to return to Buenos Aires, where he works by turns as a salesman, a keeper of a circus cat which can truly count, and an attendant in an insane asylum. Hopscotch is the dazzling, freewheeling account of Oliveira's astonishing adventures.

Chef of the Parkhaus - Ken Lord 2006-05-01

This book is listed "G" to get it onto the menu; Lulu requires registration to see adult-themed items. But the book is a "R"-rated item with some very adult themes. The intended audience is not children. It is the story of Leon LeGros, a young man who sought fortune in the South Pacific. Leon, today a resident of Luxembourg, led an extraordinary life, as a chef, as a cook in the mining camps of the Solomon Islands and Australia, where he matured before returning to Europe and a more responsible life. Today, he is a parking lot attendant, a sacrifice for the one to whom he has dedicated this book. In the process of getting there, Leon has lived several lifetimes of adventure that far exceed anything many of us have experienced. There is eroticism in the book, though it is not salacious. This book was not written to titillate; but to document the life of an extraordinary man, warts and all, and to talk about how his life has changed in more than five decades.

Thinking Translation: Perspectives from Within and Without - Rebecca Hyde Parker 2008

This book is a collection of selected articles based on talks given by established academics and translators, as well as younger researchers, at the third postgraduate symposium organized by the School of Literature and Creative Writing at the University of East Anglia, UK. The objective of the third postgraduate translation symposium at the University of East Anglia was to explore the current relevance of theory to the practice of translation. This volume builds on the key ideas and discussion that arose from the symposium, bringing together, amongst others, the current debates concerning the complex relationship between theory and practice in the field of translation studies, taking into consideration a wide range of perspectives, both modern and traditional. A broad cross-section of research exploring the present relevance of translation theory to practice is presented by many of the individual contributors to this volume. These papers provide both current theoretical insights into the

relevance of theory to translation and also, in some examples, offer first-hand experiences of applying appropriate strategies and methods to the practice and description of translation.

Sympathy for the Traitor - Mark Polizzotti 2019-01-29

An engaging and unabashedly opinionated examination of what translation is and isn't. For some, translation is the poor cousin of literature, a necessary evil if not an outright travesty—summed up by the old Italian play on words, *traduttore, traditore* (translator, traitor). For others, translation is the royal road to cross-cultural understanding and literary enrichment. In this nuanced and provocative study, Mark Polizzotti attempts to reframe the debate along more fruitful lines. Eschewing both these easy polarities and the increasingly abstract discourse of translation theory, he brings the main questions into clearer focus: What is the ultimate goal of a translation? What does it mean to label a rendering “faithful”? (Faithful to what?) Is something inevitably lost in translation, and can something also be gained? Does translation matter, and if so, why? Unashamedly opinionated, both a manual and a manifesto, his book invites us to sympathize with the translator not as a “traitor” but as the author's creative partner. Polizzotti, himself a translator of authors from Patrick Modiano to Gustave Flaubert, explores what translation is and what it isn't, and how it does or doesn't work. Translation, he writes, “skirts the boundaries between art and craft, originality and replication, altruism and commerce, genius and hack work.” In *Sympathy for the Traitor*, he shows us how to read not only translations but also the act of translation itself, treating it not as a problem to be solved but as an achievement to be celebrated—something, as Goethe put it, “impossible, necessary, and important.”
