A Survival Guide for New Faculty Members - Jeffrey P. Bakken 2011

The "Survival Guide for New Faculty Members: Outlining the Keys to Success for Promotion and Tenure"

provides new faculty members with practical, down-to-earth wisdom and suggestions for successfully working through to tenure and promotion. The authors--both successful and experienced administrators and experts in higher education--have provided an extremely well-organized and useful guide for new faculty members. It focuses on all aspects of becoming a new faculty member including the various expectations in completing a successful journey toward promotion and tenure. The book underscores the importance of recognizing the three facets of faculty life of teaching, research, and service. This volume clearly sets out, compares, and separates those three components with clarity and provides very useful advice for putting the three together. Taken together with the chapters on "Documenting Your Progress" and "Promotion and Tenure," new faculty are provided with a solid, practical introduction to building a foundation for success in

higher education. Feedback and tips are also provided within each chapter. It is written in a style that readers will be able to easily comprehend and understand and is supported with many examples. In addition, the information can be easily applied to new faculty at various types of institutions of higher education. A foreword by Charles R. McGuire, a preface, seven appendices, and an index are included.

The Good Neighbor Guidebook for Colorado - Nancy S. Greif 2000

The West is changing, and these days natives and newcomers alike need a lot of basic information to cope with issues that arise from increasing population and changing land-use regulations on both the local and federal levels. The Good Neighbor Guidebook for Colorado is an essential resource for anyone living in Colorado today. Arising from a seminar organized by the authors in Durango, this valuable collection features articles by some thirty-five expert contributors, ranging from builders to lawyers to land-use specialists and more. The book focuses on land stewardship; basics of Colorado law; working with local governments; issues of recreation, public lands, and tribal lands; protecting our western heritage; and avoiding and resolving problems. In

Colorado, at the turn of the 21st century, the trend seems to be away from traditional, strong, relationship-based communities toward pseudo-communities that often are a collection of short-term alliances to fight common enemies. The re-establishment of strong neighbor relationships, with appreciation not only for shared values but for diverse opinions, can reverse this unfortunate trend. The Good Neighbor Guidebook for Colorado offers every citizen the tools to build better communities.

Internship, Practicum, and Field Placement Handbook -

Brian N. Baird 2018-11-19

The Internship, Practicum, and Field Placement Handbook is a practical guide for interns in the helping professions, with real-world knowledge of the skills students need through every phase of their practicum, field placement, or internship. This text expertly guides students through the essential skills needed for beginning work in the field of mental health and outlines skills that

will serve students throughout their academic and professional careers. Skills discussed include how to make a great first impression, understanding the process and content of clinical writing, recordkeeping, working with peers and supervisors, understanding diversity, cultivating self-care, and promoting safety. Every phase of the internship is discussed chronologically: from finding and preparing for placements to concluding relationships with clients and supervisors. Following an evidence and competency-based approach, the latest research findings are reviewed from the fields of psychology, social work, and counseling. The Internship, Practicum, and Field Placement Handbook is an invaluable resource for students, faculty, and supervisors engaged in the exciting, challenging experience of transitioning from academia into clinical training in the field.
