It Was On Fire When I Lay Down On It - Robert Fulghum 2010-04-14

From the author to the reader: *Show-and-Tell* was the very best part of school for me, both as a student and as a teacher. As a kid, I put more into getting ready for my turn to present than I put into the rest of my homework. *Show-and-Tell* was real in a way that much of what I learned in school was not. It was education that came out of my life experience. As a teacher, I was always surprised by what I learned from these amateur hours. A kid I was sure I knew well would reach down into a paper bag he carried and fish out some odd-shaped treasure and attach meaning to it beyond my most extravagant expectation. Again and again I learned that what I thought was only true for me . . . only valued by me . . . only cared about by me . . . was common property. The principles guiding this book are not far from the spirit of *Show-and-Tell*. It is stuff from home—that place in my mind and heart where I most truly live. P.S. This volume picks up where I left off in *All I Really Need to Know I Learned in Kindergarten*, when I promised to tell about the time it was on fire when I lay down on it.

The New Good Life - John Robbins 2010-05-25

How do you define the good life? For many, success is measured not by health and happiness but by financial wealth. But such a worldview overlooks the important things in life: personal contentment, family time, spirituality, and the health of the planet and those living on it. A preoccupation with money and possessions is not only unhealthy, it can also drain the true joy from life. In recent years, millions have watched their American Dreams go up in smoke. The international financial collapse, inflation, massive layoffs, and burgeoning consumer debt have left people in dire financial straits—including John Robbins, a crusader for planet-friendly food and lifestyle choices, who lost his entire savings in an investment scam. But Robbins soon realized that there was an upside to our collective financial downturn: Curtailed consumerism could lead us to reassess our lives and values. *The New Good Life* provides a philosophical and prescriptive path from conspicuous consumption to conscious consumption. Where the old view of success was measured by cash, stocks, and various luxuries, the new view will be guided by financial restraint and a new awareness of what truly matters. A passionate manifesto on finding meaning beyond money and status, this book delivers a sound blueprint for living well on less. Discover how to • create your own definition of success based on your deepest beliefs and life experience • alleviate depression, lower blood pressure, and stay fit with inexpensive alternatives for high-cost medications • develop a diet that promotes better health—and saves you money • plan for—and protect yourself from—future economic catastrophes • cut down on your housing and transportation costs • live frugally without deprivation • follow in the footsteps of real people who have effectively forged new financial identities *The New Good Life* provides much-needed hope and comfort in a time of fear and uncertainty. Here is everything you need to develop high-joy, low-cost solutions to life's challenges. Practical and timely, this book equips you with the skills needed not only to survive but to thrive in these challenging times.

From the Academy Award®-winning actor, an unconventional memoir filled with raucous stories, outlaw wisdom, and lessons learned the hard way about living with greater satisfaction. I've been in this life for fifty years, been trying to work out its riddle for forty-two, and been keeping diaries of clues to that riddle for the last thirty-five. Notes about successes and failures, joys and sorrows, things that made me marvel, and things that made me laugh out loud. How to be fair. How to have less stress. How to have fun. How to hurt people less. How to get hurt less. How to be a good man. How to have meaning in life. How to be more me. Recently, I worked up the courage to sit down with those diaries. I found stories I experienced, lessons I learned and forgot, poems, prayers, prescriptions, beliefs about what matters, some great photographs, and a whole bunch of bumper stickers. I found a reliable theme, an approach to living that gave me more satisfaction, at the time, and still: If you know how, and when, to deal with life's challenges - how to get relative with the inevitable - you can enjoy a state of success I call 'catching greenlights.' So I took a one-way ticket to the desert and wrote this book: an album, a record, a story of my life so far. This is fifty years of my sights and seens, felts and figured-outs, cools and shamefuls. Graces, truths, and beauties of brutality. Getting away withs, getting caughts, and getting wets while trying to dance between the raindrops. Hopefully, it's medicine that tastes good, a couple of aspirin instead of the infirmary, a spaceship to Mars without needing your pilot's license, going to church without having to be born again, and laughing through the tears. It's a love letter. To life. It's also a guide to catching more greenlights—and to realizing that the yellows and reds eventually turn green too. Good luck.
