The Hunt Club - John Lescroart 2006-12-26

At first, The Hunt Club had a membership of one: private investigator Wyatt Hunt. Since then, others have joined with a common interest in obtaining justice. One member, inspector Devin Juhle, has just caught a major case: the shooting of a sixty-three-year old federal judge and his twentysomething mistress... While Juhle works, Hunt plays, hooking up with TV star and legal analyst Andrea Parisi. But before Hunt knows it, Juhle's case will be of great interest to the members of The Hunt Club. Especially to Hunt himself-as Andrea's card is found in the wallet of one of the victims.

Is corporate governance effective in Kazakhstan? - Nurken Buralkiyev 2018-07-12

Master's Thesis from the year 2013 in the subject Business economics - Business Management, Corporate Governance, grade: 61, University of Sheffield (Management), course: Accounting and Finance, language: English, abstract: The loud corporate failures have seriously shaken the public belief in modern corporate system and challenge the arguments of agency theorists. While modern corporate system in the developed economies has been built for centuries, the issues stemming of separation of ownership and control threaten to be-come considerable for post-transitional countries. This dissertation aims is to assess the effectiveness of corporate governance mechanisms in Kazakhstan. Taking the agency perspective, the

assessment is carried out by examining the management turnover - performance relationship in 73 Kazakh firms listed on Kazakhstan Stock Exchange for the period of 2011-2013. The negative association between past performance of firms and management turnover was found significant at borderline line of 5% level, which cannot be interpreted as evidence of strong relationship

Discontinuity and Complexity in Nonlinear Physical Systems - J. A. Tenreiro Machado 2013-12-04

Discontinuity in Nonlinear Physical Systems explores recent developments in experimental research in this broad field, organized in four distinct sections. Part I introduces the reader to the fractional dynamics and Lie group analysis for nonlinear partial differential equations. Part II covers chaos and complexity in nonlinear Hamiltonian systems, important to understand the resonance interactions in nonlinear dynamical systems, such as Tsunami waves and wildfire propagations; as well as Lev flights in chaotic trajectories, dynamical system synchronization and DNA information complexity analysis. Part III examines chaos and periodic motions in discontinuous dynamical systems, extensively present in a range of systems, including piecewise linear systems, vibro-impact systems and drilling systems in engineering. And in Part IV, engineering and financial nonlinearity are discussed. The mechanism of shock wave with saddle-node bifurcation and rotating disk stability will be presented, and the financial nonlinear models will be discussed.

The Honda GL1800 Gold Wing - Peter Rakestrow 2021-04-14

Evolution or revolution ... this was the dilemma Honda faced in creating the new fifth generation Gold Wing. Consumers were happy with the near-perfect GL1500 Gold Wing, but sales were declining and owners ageing. In 1996 Honda's designers and engineers decided the only way forward for the Gold Wing was a revolutionary approach. Given a brief by management to incorporate more 'Fun Factor' and make a large luxury touring motorcycle perform like a sports orientated machine, their target market was the younger rider. The GL1800 Gold Wing launched as a 2001 model and was updated in 2006 with the world's first and only motorcycle airbag system. Surviving a production return to Japan it had a second face-lift for 2012 and from that, two other variants emerged, a 'Bagger' and 'Power Cruiser', the F6B and Valkyrie/F6C. The GL1800 was destined to become the longest running Gold Wing series, but over its 17 years of production Honda faced stiff competition. Peter Rakestrow examines the GL1800's history from 1996 to the end of production in 2017, looking at model improvements through the years of this legendary

marque, creating a point of reference for owners, buyers and restorers alike.
