The Passionate Church - Mike Slaughter 2016-04-21

It's good to talk about ministry. It's better to do it, and do it passionately. In 2008, the United Methodist Church lifted up "Four Areas of Focus" for ministry, and churches have responded. But at Ginghamburg Church, in the rust-belt town of Tipp City, Ohio, the church has been doing exciting and effective ministry in those four areas for 35 years and more.

Engaging in Ministry with the Poor Improving Global Health Developing Principled Christian Leaders Creating New and Renewed Congregations
The work has led to a host of creative ministries and organic growth...because they were meeting the needs of their community and their world as the hands and feet of Christ. The book comes with a built-in facilitator Guide to encourage pastor peer groups and other leadership groups interested in deepening the discussion.

Jesus and the Samurai - Michael Zomber 2009-11-05

By 250 AD, Christianity had spread throughout India and China. Known as the Shining Religion or the Luminous Teaching, it drew adherents from Buddhism and Hinduism who were seeking a faith that taught the possibility of achieving a society founded on love and compassion for their fellow man. The new doctrine reached the island nation of Japan where it was so well received that Christianity threatened to supplant Buddhism as the dominant religion. By the close of the 16th century Japanese Christians numbered in the millions. Fifty years later Christianity was officially proscribed and Christians faced execution for openly practicing their faith. Jesus and the Samurai tells their fascinating story with facts drawn from ancient and modern sources.

Riding in the Zone - Ken Condon 2019-10-15

Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. Riding in the Zone helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to

this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. Riding in the Zone takes riders to the next level in their skill set.
