[Mourning Has Broken](#) - Erin Davis 2019-02-26

"A gift of love to others who are seeking solace." —Olivia Newton-John On the morning of May 11, 2015, Erin Davis, one of Canada's most beloved radio personalities, suffered a devastating blow Erin was on set in Jamaica when she received the news that her twenty-four-year-old daughter, Lauren—who had marked a joyous Mother's Day just hours before—had failed to awaken to her baby's cries. Thus began Erin's journey of grieving out loud with her family, friends and listeners, and of demonstrating how to pick up and keep going after experiencing the worst loss a parent can endure. Struck with grief and unable to find the answer to why Lauren had died, Erin and her husband, Rob, started down the long road through loss, determined not only to survive but also to reclaim the joy in their lives. Inspiring and unflinching, Mourning Has Broken charts a way forward after life has dealt a crushing blow. It reminds us that we are not alone in grief, and that although life is unpredictable and unfair, we can survive and return to joy.

Streetopia - Erick Lyle 2015-10-27

After San Francisco's new mayor announced imminent plans to "clean up" downtown with a new corporate "dot com corridor" and arts district--featuring the new headquarters of Twitter and Burning Man--curators Erick Lyle, Chris Johanson and Kal Spelletich brought over 100 artists and activists together with residents fearing displacement to consider utopian aspirations and plot alternative futures for the city. The resulting exhibition, "Streetopia," was a massive anti-gentrification art fair that took place in venues throughout the city, featuring daily free talks, performances, skillshares and a free community kitchen out of the gallery. This book brings together all of the art and ephemera from the now-infamous show, featuring work by Swoon, Barry McGee, Emory Douglas, Monica Canilao, Rigo 23, Xara Thustra, Ryder Cooley and many more. Essays and interviews with key participants consider the effectiveness of "Streetopia"'s projects while offering a deeper rumination on the continuing search for community in today's increasingly homogenous and gentrified cities.

[Life Is Short, Don't Wait to Dance](#) - Valorie Kondos Field 2018-10-02

Highly acclaimed UCLA Women's gymnastics coach of 7 NCAA championships Valorie Kondos Field shares insights on how to use uniqueness and authenticity to achieve success. Former professional ballerina Valorie Kondos Field--or Miss Val, as she's affectionately known--has never tumbled, flipped, or even played any type of organized sports, and yet she has been able to craft a legendary coaching career through curiosity, creativity, attention to detail, and unwavering care for the overall well-being of her athletes. For Miss Val, it's not about winning and losing, it's about choreographing your life and owning the choices you make. Miss Val has shaped her UCLA Gymnastics program as a life skills class and now she's sharing those lessons with you, whether you're an athlete, business leader, or simply someone who wants to own their destiny. Miss Val's philosophies are timeless. Her coaching style is unorthodox. Life Is Short, Don't Wait to Dance is a thought-provoking, fun journey through the anecdotes of the 35-year career of a dancer/choreographer turned athletic coach. The book includes unforgettable stories of the Olympians and athletes with whom she's worked--including the inspirational journey of Katelyn Ohashi, whose joyful transformation under the tutelage of Miss Val was evident to the world when her perfect 10 floor routine went viral -- reaching over 100 million viewers. Other triumphs include Olympian Jamie Dantzscher, who found her confidence at UCLA and learned the tools to combat her previous abuse; and sensation Christine Peng Peng Lee, who helped the Bruins clinch the 2018 NCAA championship with back-to-back 10's. Miss Val also shares her favorite memories of her mentor, legendary basketball coach John Wooden, as well as her thoughts on Larry Nassar and the gymnastics sexual abuse scandal. Miss Val reveals how her coaching journey had a rocky start before she found her own best approach. In time she realized that her dance background wasn't a detriment, it was a gift. When she embraced this, Miss Val led the Bruins to victory. Life Is Short, Don't Wait to Dance is packed with great advice for anyone on a quest for success, delivered in Miss Val's reassuring and inspirational tone. She took the same approach to her breast cancer diagnosis, explaining how she made that struggle into one of the best years of her life. For Miss Val, it's all about

attitude. *Life Is Short, Don't Wait to Dance* is a powerful book that shows you how to make the leap of faith in choosing your own path to greatness.

Making Sense of the Law - 1989

Astounding Science Fiction, July 1939 - John Wood Campbell (Jr.) 1981

A reprint of the issue of *Astounding Science Fiction* that is widely considered to be the first great issue under the editorship of John W. Campbell, Jr. *Astounding Science Fiction* as edited by Campbell was the premier magazine of the golden age of American science fiction. This special reprint edition ably demonstrates why the science fiction magazines of that era were so important to the development of modern science fiction into the popular and important literary form it is today. Unquestionably a classic issue, it begins with the cover story, "Black Destroyer," the first published work of A. E. van Vogt and also features "Trends" by Isaac Asimov, his first sale to *Astounding*. Significant as these debuts are, it is the overall strength of the issue that finally impresses. These are stories by some of the best-known writers in the field: Nat Schachner, "City of the Cosmic Rays"; Nelson S. Bond, "Lightship Ho!"; Ross Rocklynne, "The Moth"; C. L. Moore (one of the first women to achieve prominence in writing science fiction), "Greater than Gods"; as well as thought-provoking articles on nuclear energy, computers, and hemispheric migration. But this new edition is far more than just a fine reprint of an important issue. There is a commentary on *Astounding* by Stanley Schmidt (the current editor of *Analog Science Fiction / Science Fact*, the successor to *Astounding*) and memoirs of the stories and the magazine by Isaac Asimov, A. E. van Vogt, and Ross Rocklynne.

The Arts & Crafts Movement - Oscar Lovell Triggs 2014-05-10

"Have nothing in your house that you do not know to be useful, or believe to be beautiful." This quote alone from William Morris could summarise the ideology of the Arts & Crafts movement, which triggered a veritable reform in the applied arts in England. Founded by John Ruskin, then put into practice by William Morris, the Arts & Crafts movement promoted revolutionary ideas in Victorian England. In the middle of the "soulless" Industrial Era, when objects were standardised, the Arts & Crafts movement proposed a return to the aesthetic at the core of production. The work of artisans and meticulous design thus became the heart of this new ideology, which influenced styles throughout the world, translating the essential ideas of Arts & Crafts into design, architecture and painting.

The Young Gymnast - John Learmouth 1976

The Whisky King - Trevor Cole 2017-04-11

"True-crime writing at its finest." —Dean Jobb, author of *Empire of Deception* A rich and fascinating history of Canada's first celebrity mobster, Rocco Perri—King of the Bootleggers—and the man who pursued him, Canada's first undercover Mountie, for readers of Erik Larson, Dean Jobb and Charlotte Gray At the dawn of the 20th century, two Italian men arrived in Canada amid waves of immigration. One, Rocco Perri, from southern Italy, rose from the life of a petty criminal on the streets of Toronto to running the most prominent bootlegging operation of the Prohibition era, taking over Hamilton and leading one of the country's most influential crime syndicates. Perri was feared by his enemies and loved by the press, who featured him regularly in splashy front-page headlines. So great was his celebrity that, following the murder of his wife and business partner, Bessie Starkman, a crowd of 30,000 thronged the streets of Hamilton for her funeral. Perri's businesses—which included alcohol, drugs, gambling and prostitution—kept him under constant police surveillance. He caught the interest of one man in particular, the other arrival from Italy, Frank Zaneth. Zaneth, originally from the Italian north, joined the RCMP and became its first undercover investigator—Operative No. 1. Zaneth's work took him across the country, but he was dogged in his pursuit of Rocco Perri and worked for his arrest until the day Perri was last seen, in 1944, when he disappeared without a trace. With original research and masterful storytelling, Cole details the fascinating rise to power of a notorious Prohibition-era Canadian crime figure twinned with the life of the man who pursued him.

Her pixyish appearance and ferocious competitive drive quickly earned her the status of media darling. But behind the fame, the flawless floor routines, and the million-dollar smile, her life was a series of challenges and hardships. *Off Balance* vividly delineates each of the dominating characters who contributed to Moceanu's rise to the top, from her stubborn father and long-suffering mother to her mercurial coach, Bela Karolyi. Here, Moceanu finally shares the haunting stories of competition, her years of hiding injuries and pain out of fear of retribution from her coaches, and how she hit rock bottom after a public battle with her parents. But medals, murder plots, drugs, and daring escapes aside (all of which figure into Moceanu's incredible journey), the most unique aspect of her life is the family secret that Moceanu discovers, opening a new and unexpected chapter in her adult life. A mysterious letter from a stranger reveals that she has a second sister—born with a physical disability and given away at birth—who has nonetheless followed in Moceanu's footsteps in an astonishing way. A multilayered memoir that transcends the world of sports, *Off Balance* will touch anyone who has ever dared to dream of a better life.

New Brain Living - Jean Oostrom 2013-05-12

"GO HOME AND HAVE A NORMAL LIFE" That is what my physician told me when I was discharged after my brain injury in 1997. What did he mean by that? I couldn't read - I couldn't talk properly - I couldn't even dial a telephone number. I had an 8 year old son who needed his mother. Since that day in 1997 I have been trying to find out what a normal life is. Having a brain injury is a journey about finding a new normal and *New Brain Living*. On May 13, 1997 at 4:00 am in the morning I woke up and I was paralyzed on the right side of my body. When I arrived at the hospital the doctors told me that I have suffered a stroke. I was 40 years old at the time. *New Brain Living Revelation Having a Brain Injury and Living With a Brain Injury - Are Very Different!* *New Brain Living* is a place where people with brain injuries and the people who care for them can find answers. During my years of recovery I just wanted somebody to talk about my brain injury so I developed *New Brain Living* so I could be the voice for the brain injured person. Throughout this book you will see that I speak for the brain injured person "from the brain injured point of view" so the people who care for people with brain injuries can find answers when their brain injured person cannot put into words what is happening in their "new brains." During my recovery I spent a lot of time "trying to retrain my brain" so that "my brain would act the way it did before the brain injury." I realize now that "my old brain is not coming back." My journey to *New Brain Living* shows that "my new brain" is a "better brain" because I have learned that the concept of "brain plasticity" can be used to train my "new brain" to move recovery forward. It is an exciting time for brain research and recovery from brain injuries. The more we talk about brain injuries and teach brain injured people and the people who care for them to design their own personal recovery paths, it could make "Living with Our New Brains" an ongoing journey to recovery. To the Brain Injured Person: It is my hope that the words written in this *New Brain Living* book explains to the people who care for you what is happening in your New Brain and help you on your personal recovery path to *New Brain Living*. To the People Who Care for the Brain Injured Person: It is my hope that the words written in this *New Brain Living* book will help you understand what is happening in your brain injured person's brain and help you design a personal recovery path to *New Brain Living*. The *New Brain Living* design was developed when my left hand was affected after my brain injury so I decided to draw to

regain the strength in my writing hand. I have books and books of this design so I decided that I would create a logo for *New Brain Living* that would be a symbol of my recovery journey. Perhaps other people with brain injuries and the people who care for them will use the *New Brain Living* design as a symbol of hope. The *New Brain Living* design symbolizes strength because to recover from a brain injury you have to put your feet on the floor every day and never give up on your recovery no matter what. The jagged edges of the design depicts that recovery from a brain injury is not a smooth process, in fact it is filled with moving forward and then moving backwards but there are also calm times which are also represented in the design because amongst all the turmoil of recovery it is during the calm periods that real recovery can take place.
