## **The Orion Mystery** - Robert Bauval 2001-05-04

Unlocking the secrets of the pyramids. For thousands of years the pyramids have stood, imposing and enigmatic, refusing to give up their secrets. Why did the Egyptians really build pyramids? What lies inside the Great Pyramid's hidden chamber and what a

## **Lost Technologies of Ancient Egypt** - Christopher Dunn 2010-06-24

A unique study of the engineering and tools used to create Egyptian monuments • Presents a stone-by-stone analysis of key Egyptian monuments, including the statues of Ramses II and the tunnels of the Serapeum • Reveals that highly refined tools and mega-machines were used in ancient Egypt From the pyramids in the north to the temples in the south, ancient artisans left their marks all over Egypt, unique marks that reveal craftsmanship we would be hard pressed to duplicate today. Drawing together the results of more than 30 years of research and nine field study journeys to Egypt, Christopher Dunn presents a stunning stone-by-stone analysis of key Egyptian monuments, including the statue of Ramses II at Luxor and the fallen crowns that lay at its feet. His modern-day engineering expertise provides a unique view into the sophisticated technology used to create these famous monuments in prehistoric times. Using modern digital photography, computer-aided design software, and metrology instruments, Dunn exposes the extreme precision of these monuments and the type of advanced manufacturing expertise necessary to produce them. His computer analysis of the statues of Ramses II reveals that the left and right sides of the faces are precise mirror images of each other, and his examination of the mysterious underground tunnels of the Serapeum illuminates the finest examples of precision engineering on the planet. Providing never-before-seen evidence in the form of more than 280 photographs, Dunn's research shows that while absent from the archaeological record, highly refined tools, techniques, and even mega-machines must have been used in ancient Egypt.

## **Giza** - Ian Lawton 2010-10-28

What secrets does the Giza Plateau really hold? Who is trying to unlock them, and what are their motives? Giza: The Truth is the definitive work on the real story behind the Giza Plateau: it's history, it's purpose, the politics and motives that drive the key players - both alternative and orthodox - in their quest to unlock the secrets of the world's most enigmatic monuments. Ian Lawton and Chris Ogilvie-Herald's wealth of research has led them behind the scenes to a world of politics, jealousy and ambition. In addition to these revelations, Giza: The Truth is the only book to feature a balanced analysis of the theories as to who built the pyramids, why, how and when. Also uncovered are the real motives and findings of the multitude of explorations conducted at the Plateau in recent years, including those whose aim has been to locate the infamous Hall of Records. No stone has been left unturned in this search for the truth, resulting in what can only be described as the most fascinating and important piece of work on the Giza Plateau to date.

## **The Secret of the Great Pyramid** - Bob Brier 2009-10-06

A decade ago, French architect Jean-Pierre Houdin became obsessed by the centuries-old question: How was the Great Pyramid built? How, in a nation of farmers only recently emerged from the Stone Age, could such a massive, complex, and enduring structure have been envisioned and constructed? Laboring at his computer ten hours a day for five years—creating exquisitely detailed 3-D models of the Pyramid's

interior—Houdin finally had his answer. It was a startling revelation that cast a fresh light on the minds that conceived one of the wonders of the ancient world. Written by world-renowned Egyptologist Bob Brier in collaboration with Houdin, *The Secret of the Great Pyramid* moves deftly between the ancient and the modern, chronicling two equally fascinating interrelated histories. It is a remarkable account of the step-by-step planning and assembling of the magnificent edifice—the brainchild of an innovative genius, the Egyptian architect Hemienu, who imagined, organized, and oversaw a monumental construction project that took more than two decades to complete and that employed the services of hundreds of architects, mathematicians, boatbuilders, stonemasons, and metallurgists. Here also is the riveting story of Jean-Pierre Houdin's single-minded search for solutions to the mysteries that have bedeviled Egyptologists for centuries, such as the purpose of the enigmatic Grand Gallery and the Pyramid's crack.

## **The Great Pyramid of Giza** - Willem Witteveen 2016-06-12

After extensive research Dutch researcher Willem Witteveen connects data from his own findings with that of other researchers, resulting in groundbreaking conclusions about the true function of the Great Pyramid and its place in history. The Greek mathematician Pythagoras stated: "All is number." The American prophet Edgar Cayce claimed: "Sound is the medicine of the future," and the late Egyptian wisdomkeeper Abd 'el Hakim Awyah always said: "It is all about sound." Willem Witteveen proves that all these men were right and that what we now regard as groundbreaking and new often originated in ancient Egypt, well before the first Egyptian dynasties. This book is divided into five main parts, four of which relate to the four earthly elements Earth, Water, Air and Fire. The fifth part relates to the element or quintessence called Aether. Within this circle all processes on Earth and beyond take place, and the element Aether represents the divine world and is the carrier of all information. The author demonstrates that the Great Pyramid is an enormous library of knowledge, intended for modern generations and containing the golden frequency of Giza, one of the basic values responsible for creation and the existence of life on Earth. We ourselves are the architects and builders of these magnificent ancient monuments. We ourselves in the future tense! Witteveen discusses such topics as sound and resonance, antennas, the Schumann frequency, and the special abilities of quartz, hydrogen and wavelengths. A fascinating and visual book!

## **Fire in Middle** - James E. Brown 2017-07-14

After four decades of research and multiple trips to Egypt, Brown believes he has solved the mystery of the Great Pyramid of Giza. He has concluded that the pyramid fits the profile of a type of chemical laser and that the Giza Plateau functioned as a massive industrial complex. Following the architectural principle that form follows function, Brown recognized it was impossible to enter the so-called burial chamber in the Great Pyramid because of the small size of the passage (less than four-feet square) and the extreme angle of the interior passages. This huge stone structure did not align with the supposed purpose, or with ancient Egyptian burial practices. Recently, a man-made tunnel was discovered under the Giza Plateau that connects the Great Pyramid to the Nile. In ancient times the annual flood waters from the Nile coursed through the Great Pyramid, and through a powerful chemical process created what Brown calls Earthmilk, electrified water. This enhanced elixir served many purposes, including enlivening the human body and flowing into the river to enrich animal life and soil on the banks, resulting in rich and abundant crops. Fire

in Middle outlines Brown's compelling research and his journey of discovery. The book includes more than 350 stunning full-color images and diagrams. This is the second in a series of three volumes of research and evidence gathered from grassroots expeditions to Giza, Luxor, Saqqara, Abydos and Abu Simbel. This ground-breaking and ongoing research presents compelling evidence that the traditional interpretations of ancient Egyptian pyramids need to be reconsidered and re-evaluated.

*Before the Pharaohs* - Edward F. Malkowski 2010-04-12

Presents conclusive evidence that ancient Egypt was originally the remnant of an earlier, highly sophisticated civilization • Supports earlier speculations based on myth and esoteric sources with scientific proof from the fields of genetics, engineering, and geology • Provides further proof of the connection between the Mayans and ancient Egyptians • Links the mystery of Cro-Magnon man to the rise and fall of this ancient civilization In the late nineteenth century, French explorer Augustus Le Plongeon, after years of research in Mexico's Yucatán Peninsula, concluded that the Mayan and Egyptian civilizations were related--as remnants of a once greater and highly sophisticated culture. The discoveries of modern researchers over the last two decades now support this once derided speculation with evidence revealing that the Sphinx is thousands of years older than Egyptologists have claimed, that the pyramids were not tombs but geomechanical power plants, and that the megaliths of the Nabta Playa reveal complex astronomical star maps that existed 4,000 years before conventional historians deemed such knowledge possible. Much of the past support for prehistoric civilization has relied on esoteric traditions and mythic narrative. Using hard scientific evidence from the fields of archaeology, genetics, engineering, and geology, as well as sacred and religious texts, Malkowski shows that these mythic narratives are based on actual events and that a highly sophisticated civilization did once exist prior to those of Egypt and Sumer. Tying its cataclysmic fall to the mysterious disappearance of Cro-Magnon culture, *Before the Pharaohs* offers a compelling new view of humanity's past.

**From Light Into Darkness** - Stephen Mehler 2014-06-16

Building on the esoteric information first revealed in *Land of Osiris*, this exciting book presents more of Abd'El Hakim's oral traditions, with radical new interpretations of how religion evolved in prehistoric and dynastic Khemit, or Egypt. \* Have popular modern religions developed out of practices in ancient Egypt? \* Did religion in Egypt represent only a shadow of the spiritual practices of prehistoric people? \* Have the Western Mystery Schools such as the Rosicrucian Order evolved from these ancient systems? \* Author Mehler explores the teachings of the King Akhenaten and the real Moses, the true identity of the Hyksos, and Akhenaten's connections to The Exodus, Judaism and the Rosicrucian Order. Here for the first time in the West, are the spiritual teachings of the ancient Khemitians, the foundation for the coming new cycle of consciousness--The Awakening; more.

**Technology of the Gods** - David Hatcher Childress 2000

Technology of the Gods lays out the mind-bending evidence that long-lost civilizations had attained and even exceeded our "modern" level of advancement. Westerners have been taught that humankind has progressed along a straight-line path from the primitive past to the proficient present, but the hard, fast evidence (literally written in stone!) proves that the ancients had technologies we cannot even replicate today.

*Beneath the Pyramids* - Andrew Collins 2009

"Exploring Egypt's lost underworld for the first time"--Cover.

**Lost Ancient Technology of Egypt** - Brien Foerster 2018-07-05

The history of Egypt as taught to us is not complete. There are clearly stone structures which the dynastic people could not have constructed and this volume 2 of a series I show obvious examples of why a much older and technologically advanced civilization existed in ancient Egypt long before the pharaohs.

*The Great Pyramid's Laser Power Plant* - Steven Lyke 2018-08-25

NEW book! POWERFUL LASER CREATION TECHNOLOGY FOUND INSIDE THE GREAT PYRAMID OF EGYPT! Loaded with color photos and videos!... Considered by most people to be only a tomb, Steven J Lyke discloses new revelations discovered in and around the Great Pyramid. Specifically, how it was built (using cast molds), who built it (not the Egyptians), and the true purpose (to create a powerful laser beam)! Steven takes you through the chambers and galleries and demonstrates how they all worked together to create the

world's first laser which was used to tap into the pulsating energy of the stars. Book picks up where *Ancient Aliens* leaves off. It answers questions with specific details about its construction. One example: the massive blocks are now SCIENTIFICALLY PROVEN to be man-made cast blocks and not quarried. (No sweaty, shirtless slaves hauling massive blocks onto long ramps!) This fact alone should change history books.. and makes most other videos, documentaries and books obsolete! The Great Pyramid was built by beings with god-like intelligence. They are described in the forbidden book of Enoch. The Great Pyramid was a massive, multi-purpose power plant which utilized all of the scientific wonders of the universe to create huge amounts of energy! We have been taught that mankind and his technology has advanced and progressed slowly thru the past 6,000 years along a straight line path. But the technologies uncovered in this book prove that tens of thousands of years ago - perhaps hundreds of thousands of years ago - an extremely advanced civilization once walked the Earth. The Great Pyramid's Laser Power Plant is where both science and religion intersect. Science and religion and can now co-exist in harmony together without conflict. Note: Steven added his private video links which include supporting video animations and demonstrations. For a full media experience, we recommend that you go to authors website and be online to watch video & web links and you see them in the book.

**Seed of Knowledge, Stone of Plenty** - John A. Burke 2005

Burke and Halbert present the scientific evidence behind their startling, original theory: ancient peoples constructed temples, mounds, and megaliths to increase the fertility of crops. These peoples used an ancient technology, only now rediscovered.

**Pyramid Odyssey** - William Fix 1984-02

*The Sphinx Mystery* - Robert Temple 2009-01-20

A book that verifies the existence of secret underground chambers beneath the Sphinx and demonstrates its origins as the Egyptian god of the dead, Anubis • Includes an anthology of eyewitness accounts from early travelers who explored the secret chambers before they were sealed in 1926 • Reveals that the Sphinx was originally carved as a monumental crouching Anubis, the Egyptian jackal god of the necropolis Shrouded in mystery for centuries, the Sphinx of Giza has frustrated many who have attempted to discover its original purpose. Accounts exist of the Sphinx as an oracle, as a king's burial chamber, and as a temple for initiation into the Hermetic Mysteries. Egyptologists have argued for decades about whether there are secret chambers underneath the Sphinx, why the head-to-body ratio is out of proportion, and whose face adorns it. In *The Sphinx Mystery*, Robert Temple addresses the many mysteries of the Sphinx. He presents eyewitness accounts, published over a period of 281 years, of people who saw the secret chambers and even went inside them before they were sealed in 1926--accounts that had been forgotten until the author rediscovered them. He also describes his own exploration of a tunnel at the rear of the Sphinx, perhaps used for obtaining sacred divinatory dreams. Robert Temple reveals that the Sphinx was originally a monumental Anubis, the Egyptian jackal god, and that its face is that of a Middle Kingdom Pharaoh, Amenemhet II, which was a later re-carving. In addition, he provides photographic evidence of ancient sluice gate traces to demonstrate that, during the Old Kingdom, the Sphinx as Anubis sat surrounded by a moat filled with water--called Jackal Lake in the ancient Pyramid Texts--where religious ceremonies were

held. He also provides evidence that the exact size and position of the Sphinx were geometrically determined in relation to the pyramids of Cheops and Chephren and that it was part of a pharaonic resurrection cult.

**Ancient Egypt 39,000 BCE** - Edward F. Malkowski 2010-05-14

A view into the sophisticated and highly advanced civilization that preceded the world of the pharaohs • Presents historical evidence of the civilization ruled by the “gods” that the Egyptians claimed preceded their own • Explains who these prehistoric people were, what happened to them, and why they built a series of pyramids along the west bank of the Nile River Traditional Egyptologists have long resisted the notion that the architectural achievements of the Ancient Egyptians required the existence of a much more sophisticated technology than would have existed at that time. Yet, no records exist explaining how, why, or who built Egypt’s megalithic monuments and statues. The ancient Egyptians did, however, record that their civilization resided in the shadow of a kingdom of “gods” whose reign ended many thousands of years before their first dynasty. What was this Civilization X that antiquity’s most accomplished people revered as gods? The recent discovery of a large stone at one of Egypt’s oldest ruins presents physical evidence that clearly and distinctly shows the markings of a machining process far beyond the capabilities of the Ancient Egyptians. Likewise, experimental modeling of the Great Pyramid’s subterranean chambers and passageways gives scientific evidence to further support the theory that the civilization responsible for such magnificent monuments is much older than presently believed. Ancient Egypt 39,000 BCE examines this evidence from historical and technical points of view, explaining who these prehistoric people were, what happened to them, why they built their civilization out of granite, and why they built a series of pyramids along the west bank of the Nile River.

Giza's Industrial Complex - James Ernest Brown 2019-03-15

Giza's Industrial Complex is a visual feast. The book is filled with original on-site photographs that provide evidence to support the authors' thesis. The authors believe evidence indicates that the Great Pyramid on the Giza Plateau had the ability to electrically charge, or change the molecular structure of water, giving it unique properties. We believe the ancient Egyptians created a fourth form of electrically-charged water, giving it unique properties.

*Ancient Egyptian Construction and Architecture* - Somers Clarke 1990-01-01

Provides description and analysis of Egyptian building practices.

**Serpent in the Sky** - John Anthony West 2012-12-19

John Anthony West's revolutionary reinterpretation of the civilization of Egypt challenges all that has been accepted as dogma concerning Ancient Egypt. In this pioneering study West documents that: Hieroglyphs carry hermetic messages that convey the subtler realities of the Sacred Science of the Pharaohs. Egyptian science, medicine, mathematics, and astronomy were more sophisticated than most modern Egyptologists acknowledge. Egyptian knowledge of the universe was a legacy from a highly sophisticated civilization that flourished thousands of years ago. The great Sphinx represents geological proof that such a civilization existed. This revised edition includes a new introduction linking Egyptian spiritual science with the perennial wisdom tradition and an appendix updating West's work in redating the Sphinx. Illustrated with over 140 photographs and line drawings.

**The Land of Osiris** - Stephen S. Mehler 2002-03

"Was there a advanced prehistoric civilization in ancient Egypt? Who were the people who built the great pyramids and carved the Great Sphinx? Did the pyramids serve as energy devices and not as tombs for kings? Independent Egyptologist Stephen S. Mehler has spent over 30 years researching the answers to these questions and believes the answers are "Yes!" An indigenous oral tradition still exists in Egypt, and Mehler has been able to uncover and study it with the help of a living master of this tradition, Abd1El Hakim Awyan. He has also been given permission to share these teachings—presented heretofore in fragments by other researchers—to the Western World, teachings that unfold a whole new understanding of ancient Egypt"--Publisher's description.

**Secrets of the Great Pyramid** - Peter Tompkins 1978

**The Great Pyramid Decoded** - Peter Lemesurier 2021-05-07

Understand the Complexity of the World's Greatest Monument Standing sentinel for four and a half millennia, the Great Pyramid of Giza has fascinated all who have beheld its imposing and elegant mass. In *The Great Pyramid Decoded*, historical theorist, researcher, and best-selling author Peter Lemesurier shares observations based on a simple numeric code which reveals illuminating perspectives on the past as well as prophetic visions of the future. Does the Great Pyramid hearken back to another civilization much older than ancient Egypt? Is it the Old Testament writ in stone? Is it an ancient observatory? A treasure house? A tomb? Is there a message in the geometric ratios? Lemesurier carefully explores these theories and draws some enlightening and meaningful conclusions. Translating the wisdom of this ancient monument, the author presents recommendations for the future which are consistent with the advice of Saint Malachy, Nostradamus, and Edgar Cayce, among others. Making connections to several religious traditions, Lemesurier uses the Great Pyramid to illustrate humankind's place in the universe. Read what this archaic wonder of the world has to say about where we came from and where we may be heading. Learn how this one ancient wonder can teach us that we have the potential to reawaken to an enlightened path forward. A must for anyone interested in the mystical wisdom of one of the most magnificent civil engineering feats of all time. This book is also available from Echo Point Books in paperback (ISBN 635619890).

**The Secret Chamber of Osiris** - Scott Creighton 2014-12-15

Reveals the true purpose behind the pyramids of Giza and the location of the secret vault of Egyptian treasures hidden on the Giza plateau • Details how the first 16 pyramids represent the allegorical “dismembered body of Osiris” and the legendary missing part is a secret underground chamber • Explains how the pyramids were built as recovery vaults and with the secret chamber contained everything needed to rebuild civilization after the Deluge • Examines the technology used to build the pyramids and “fly the stones into place” After nearly 200 years of the pyramid-as-tomb theory, a growing body of evidence suggests the first 16 pyramids of ancient Egypt were not royal tombs but nearly indestructible recovery vaults designed to revive civilization after an anticipated major catastrophe, the Deluge of Thoth. Scott Creighton examines the prophecy of catastrophe and the ancient Egyptians’ massive undertaking to ensure the survival of their civilization. He explains how the pyramids acted as easily located storehouses for seeds, tools, and civilizing knowledge, yet they would have been too visible to house the precious treasures necessary to restore the rich culture of ancient Egypt. For this, the ancients created a secret chamber whose existence was hidden in myth and whose location was encoded in the Giza pyramids. Creighton shows how, collectively, the first 16 pyramids represent the allegorical “dismembered body of Osiris,” the Egyptian god of agriculture and rebirth, and, as in the myth of Osiris, one part is missing or hidden—a secret chamber under the sands of the Giza plateau. Creighton reveals how the 3 great pyramids of Giza “point” to the secret location and how they were built with technology akin to modern hot air balloons, used to “fly the stones into place” as cited in Egyptian legends and shown in ancient art. Offering a new

understanding of this remarkable civilization, the author concludes with a startling revelation: shortly after he revealed the location of the secret chamber of Osiris--a location never before explored--it became the site of a major excavation by the Egyptian authorities, the results of which have yet to be made public.

[The Spiritual Technology of Ancient Egypt](#) - Edward F. Malkowski 2007-10-03

How ancient Egyptians understood quantum theory • Investigates the history of how modern religion and the Age of Science were inspired by the sacred science of the ancients • Examines how quantum theory explains that the cosmos arises from consciousness • Reveals the unanimity between Schwaller de Lubicz's "sacred science" and the science of a cosmos governed by quantum mechanics Since the dawn of the Age of Science humankind has been engaged in a methodical quest to understand the cosmos. With the development of quantum mechanics, the notion that everything is solid matter is being replaced with the idea that information or "thought" may be the true source of physical reality. Such scientific inquiry has led to a growing interest in the brain's unique and mysterious ability to create perception, possibly through quantum interactions. Consciousness is now being considered as much a fundamental part of reality as the three dimensions we are so familiar with. Although this direction in scientific thought is seen as a new approach, the secret wisdom of the ancients presented just such a view thousands of years ago. Building on René A. Schwaller de Lubicz's systematic study of Luxor's Temple of Amun-Mut-Khonsu during the 1940s and '50s, Edward Malkowski shows that the ancient Egyptians' worldview was not based on superstition or the invention of myth but was the result of direct observation using critical faculties attuned to the quantum manifestation of the universe. This understanding of reality as a product of human consciousness provided the inspiration for the sacred science of the ancients--precisely the philosophy modern science is embracing today. In the philosophical tradition of Schwaller de Lubicz, *The Spiritual Technology of Ancient Egypt* investigates the technical and religious legacy of ancient Egypt to reveal its congruence with today's "New Science."

*The Boat Beneath the Pyramid* - Nancy Jenkins 1980

In 1954, a young Egyptian archaeologist, clearing a site just south of the Great Pyramid at Giza, discovered a great papyriform ship, built for a king and then dismantled and buried at the height of the Egyptian Old Kingdom. This book tells the story of this Royal Ship--its discovery, excavation and reconstruction. The author also addresses who built the ship and why, how it has survived intact for so long, and what connection it may have had with the age-old Egyptian myth of the Sun-god, eternally journeying across the heavens in the Reed Float. This book is also the story of Ahmed Youssef Moustafa, Chief Restorer of the Department of Antiquities, who almost single-handedly put back together the 1,223 pieces of the ship.

*Forgotten Civilization* - Robert M. Schoch 2021-03-02

• Updated throughout with recent developments and additional illustrations • Reveals how solar outbursts caused the end of the last ice age, unleashed catastrophe upon ancient advanced civilizations, and led to six millennia of a Solar-Induced Dark Age • Includes evidence from solar science, geology, oceanic circulation patterns, the Sphinx, the underground cities of Cappadocia, the Easter Island rongorongo glyphs, and the Göbekli Tepe complex in Turkey In this newly revised and expanded edition, updated throughout with recent developments, geologist Robert Schoch builds upon his revolutionary theory that the origins of the Sphinx date back much further than 2500 BCE and examines scientific evidence of the catastrophe that destroyed early high culture nearly 12,000 years ago. Combining evidence from multiple scientific disciplines, Schoch makes the case that the abrupt end of the last ice age, circa 9700 BCE, was due to an agitated Sun. Solar outbursts unleashed electrical/plasma discharges upon Earth, triggering dramatic climate change as well as increased earthquake and volcanic activity, fires, high radiation levels, and massive floods. Schoch explains how these events impacted the civilizations of the time, set humanity back thousands of years, and led to six millennia of a Solar-Induced Dark Age (SIDA). Applying the SIDA framework to ancient history, he explores how many megalithic monuments, petroglyphs, indigenous traditions, and legends fall logically into place, including the underground cities of Cappadocia, the Easter Island rongorongo glyphs, and the Göbekli Tepe complex in Turkey. He also reveals that our Sun is a much more unstable star than previously believed, suggesting that history could repeat itself with a solar outburst powerful enough to devastate modern society. Weaving together a new view of the origins and antiquity of civilization and the dynamics of the planet we live on, Schoch maintains we must heed the megalithic warning of the past and collectively prepare for future events.

**Brutality Garden** - Christopher Dunn 2014-01-01

In the late 1960s, Brazilian artists forged a watershed cultural movement known as Tropicalia. Music inspired by that movement is today enjoying considerable attention at home and abroad. Few new listeners, however, make the connection between this music and the circumstances surrounding its creation, the most violent and repressive days of the military regime that governed Brazil from 1964 to 1985. With key manifestations in theater, cinema, visual arts, literature, and especially popular music, Tropicalia dynamically articulated the conflicts and aspirations of a generation of young, urban Brazilians. Focusing on a group of musicians from Bahia, an impoverished state in northeastern Brazil noted for its vibrant Afro-Brazilian culture, Christopher Dunn reveals how artists including Caetano Veloso, Gilberto Gil, Gal Costa, and Tom Ze created this movement together with the musical and poetic vanguards of Sao Paulo, Brazil's most modern and industrialized city. He shows how the tropicalists selectively appropriated and parodied cultural practices from Brazil and abroad in order to expose the fissure between their nation's idealized image as a peaceful tropical "garden" and the daily brutality visited upon its citizens.

*Initiation in the Great Pyramid* - Earlyne Chaney 1987

[Origins of the Sphinx](#) - Robert M. Schoch 2017-03-16

New research and evidence that the Sphinx is thousands of years older than previously thought • Contrasts what Egyptologists claim about the Sphinx with historical accounts and new research including reanalysis of seismic studies and updates to Schoch's water weathering research and Bauval's Orion Correlation Theory • Examines how the Sphinx is contemporaneous with Göbekli Tepe, aligned with the constellation Leo, and was recarved during the Old Kingdom era of Egypt • Reveals that the Sphinx was built during the actual historical Golden Age of ancient Egypt, the period known in legend as Zep Tepi No other monument in the world evokes mystery like the Great Sphinx of Giza. It has survived the harsh climate of Egypt for

thousands of years and will remain long after our own civilization is gone. According to orthodox Egyptology, the Sphinx was built around 2500 BCE as a memorial to the pharaoh Khafre. Yet this "fact" has scant to no supportive evidence. When was the Sphinx really built and, most importantly, why? In this provocative collaboration from two Egyptology outsiders, Robert M. Schoch, Ph.D., and Robert Bauval combine their decades of research to show how the Sphinx is thousands of years older than the conventional Egyptological timeline and was built by a long forgotten pre-Pharaonic civilization. They examine the known history of the Sphinx, contrasting what Egyptologists claim with prominent historical accounts and new research, including updates to Schoch's geological water weathering research and reanalysis of seismic studies. Building on Bauval's Orion Correlation Theory, they investigate the archaeoastronomical alignments of the monuments of the Giza Plateau and reveal how the pyramids and Sphinx were built to align with the constellations of Orion and Leo. Analyzing the evidence for a significantly older construction phase at Giza and the restoration and recarving of the Sphinx during the Old Kingdom era, they assert that the Sphinx was first built by an advanced pre-Pharaonic civilization that existed circa 12,000 years ago on the Giza Plateau, contemporaneous with the sophisticated Göbekli Tepe complex. The authors examine how the monuments at Giza memorialize Zep Tepi, the Golden Age of legend shown here to be an actual historical time period from roughly 10,500 BCE through 9700 BCE. Moving us closer to an understanding of the true age and purpose of the Great Sphinx, Schoch and Bauval provide evidence of an early high civilization witnessed by the Great Sphinx before the end of the last ice age.

**Giza, the Truth** - Ian Lawton 1999

In this book, authors Ian Lawton and Chris Ogilvie-Herald take a fresh approach to traditional investigations as they follow a path that leads behind the scenes to a world of politics, jealousy and ambition. What is really happening at the Giza Plateau? What is the identity of the group who call themselves 'The Magic Twelve', and what are their motives? What plans are afoot as the Millennium approaches? The answers to these questions and many more will be explained as this astounding story unfolds. In support of these revelations, Giza: The Truth is the only work to feature a fully balanced treatment of the theories surrounding the questions of who built the pyramids, why, how and when. It also uncovers the real motives and findings of the multitude of explorations conducted at the Plateau over the last 35 years to the present day, including those whose aim has been to locate the infamous Hall of Records.

**Lost Technologies of Ancient Egypt** - Christopher Dunn 2010-06-24

A unique study of the engineering and tools used to create Egyptian monuments • Presents a stone-by-stone analysis of key Egyptian monuments, including the statues of Ramses II and the tunnels of the

Serapeum • Reveals that highly refined tools and mega-machines were used in ancient Egypt From the pyramids in the north to the temples in the south, ancient artisans left their marks all over Egypt, unique marks that reveal craftsmanship we would be hard pressed to duplicate today. Drawing together the results of more than 30 years of research and nine field study journeys to Egypt, Christopher Dunn presents a stunning stone-by-stone analysis of key Egyptian monuments, including the statue of Ramses II at Luxor and the fallen crowns that lay at its feet. His modern-day engineering expertise provides a unique view into the sophisticated technology used to create these famous monuments in prehistoric times. Using modern digital photography, computer-aided design software, and metrology instruments, Dunn exposes the extreme precision of these monuments and the type of advanced manufacturing expertise necessary to produce them. His computer analysis of the statues of Ramses II reveals that the left and right sides of the faces are precise mirror images of each other, and his examination of the mysterious underground tunnels of the Serapeum illuminates the finest examples of precision engineering on the planet. Providing never-before-seen evidence in the form of more than 280 photographs, Dunn's research shows that while absent from the archaeological record, highly refined tools, techniques, and even mega-machines must have been used in ancient Egypt.

**The Giza Power Plant** - Christopher Dunn 1998-08-01

Did a highly advanced civilization exist in prehistory? Is the Giza Pyramid a remnant of their technology? Then, what was the power source that fueled such a civilization? The technology of harmonic resonance, claims renowned master craftsman and engineer Christopher Dunn. In a brilliant piece of reverse engineering based on twenty years of research, Dunn reveals that the Great Pyramid of Giza was actually a large acoustical device! By its size and dimensions, this crystal edifice created a harmonic resonance with the Earth and converted Earth's vibrational energies to microwave radiation. The author shows how the pyramid's numerous chambers and passageways were positioned with the deliberate precision to maximize its acoustical qualities. This may be the same technology discovered by Nikola Tesla and the solution to our own clean energy needs.

Pyramider Santan - Saikat Dasgupta 2020-11-09

Egyptian pyramid was not a tomb. Unless someone reads the book he may not believe that the Great Pyramid of Giza was actually a power plant, which used to generate electricity 4500 years ago. In this book, the ancient history and working principles of the great pyramid of Giza are described in the light of scientific theories and evidence. This is the first book on such a subject in the Bengali language. The main idea of the book is influenced by the hypothesis of famous technologist, Pyramid researcher, and writer Mr. Christopher Dunn.
