*An Illustrated Encyclopedia of Uniforms of World War I* - Jonathan North 2011

Expert and stunning illustrations show in painstaking detail the uniforms and their developments for all the major nations involved in World War I.

**Roman Shields** - M.C. Bishop 2020-08-20

The introduction of the scutum in the 4th century BC revolutionized the way the Romans fought. Instead of being purely defensive, the shield became a weapon in its own right. Using the top edge or boss to punch an opponent, or the lower rim to smash down on their feet, it served to unbalance an enemy and allow the sword to do its work. The versatility of the scutum was characterized by the testudo, a formation the Romans used offensively like a pedestrian tank. Meanwhile, other shield types equipped the auxiliaries who fought alongside the legionaries. The curved, rectangular scutum

survived into the 3rd century AD, only to be replaced by an oval, slightly domed shield derived from the oval shields of Early Imperial auxiliaries. Drawing together historical accounts, excavated artefacts and the results of the latest scientific analyses of the boards and fittings, renowned authority M.C. Bishop reveals the development, technology, training and use of the scutum and other Roman shield types.  
**UNIFORMS OF THE ANCIENT GREEK WORLD, AN ILLUSTRATED ENCYCLOPEDIA OF** - DIGBY. SMITH 2021

**Warfare in the Classical World** - John Warry 2015-06-25

This authoritative volume traces the evolution of the art of warfare in the Greek and Roman worlds between 1600BC and AD 800, from the rise of Mycenaean civilisation to the fall of Ravenna and the eventual decline of the Roman

Empire. The book is also, of course, about the great military commanders, such as Alexander and Julius Caesar - men whose feats of generalship still provide material for discussion and admiration in the world's military academies.

[An Illustrated Encyclopedia of Uniforms of the Napoleonic Wars](#) - Digby Smith 2006

This book brings a highly eventful period of European history to life, chronicling the battles, campaigns and skirmishes of the conflict and the political triumphs and declines of the combatant forces.

**Uniforms and Equipment of the Imperial Japanese Army in World War II** - Mike Hewitt 2002

Among the major powers of World War II, the uniforms and equipment of the Japanese army have received the least coverage. This new, detailed volume presents the subject with a superb collection of actual vintage items, and rarely seen World War II era photographs. Among the subjects covered are: the Imperial Japanese army uniform series; undergarments; footwear; headwear; personal field equipment; extreme climate uniforms; work and specialty uniforms; soldier's personal items; and firearms. A short chapter examines reproductions.

**The Illustrated Encyclopaedia of Costume and Fashion** - Jack Cassin-Scott 1998

Presents fashionable clothing designs for period clothing from 1066 to 1990 with detailed descriptions.

**Killing Napoleon** - Jonathan North 2019-01-15  
An amazing story that is still largely unknown in the English-speaking world - the plot to blow up Napoleon, an early terrorist attack on Europe's most powerful man, with striking parallels to today.

*U.S. Army Uniforms of World War II* - Shelby L. Stanton 1994-10

Illustrates and documents the clothing and individual equipment used by American soldiers during the Second World War

**The G. I. Collector's Guide: U. S. Army Service Forces Catalog, European Theater of Operations** - Henri-Paul Enjames 2022-07-15

A sumptuously illustrated encyclopedia of the uniforms and equipment assigned to US soldiers serving in Europe 1943-45.

*Military Uniforms Visual Encyclopedia* - Chris

McNab 2011

"A highly illustrated guide to military uniforms from the end of the eighteenth century to today, including uniforms from the Seven Years' War, American Civil War, World War I, World War II, Vietnam, Afghanistan. Featuring uniforms from famous units such as the Waffen-SS, 101st Airborne, The British Royal Navy, French Foreign Legion, US Marine Corps, and the Luftwaffe. Hundreds of artworks with each uniform shown in detail. Each uniform is accompanied by a detailed caption and specification box listing the country, date, unit, rank, theater, location, and conflict in which the uniform was worn" -- p. [4] of cover.

**The US Army 1890-1920** - Philip Katcher 1978-06-15

This book examines the uniforms, equipment, history and organisation of the US Army from 1890 to 1920. The Spanish-American War, China, Mexico and World War I are all covered, and uniforms are shown in full illustrated detail.

**Army Uniforms of World War 2** - Andrew Mollo 1977

[The Armed Forces of World War II](#) - Andrew Mollo 2002-02-01

For many years, military historians and artists, collectors of militaria, war-gamers and war enthusiasts in general have felt the need for a comprehensive record of the uniforms, insignia and organisation of the fighting men of World War II. This remarkable book provides just such a record. Andrew Mollo is one of the leading British military historians with a worldwide reputation and his book is the result of years of study and research. His text not only details the design of uniforms and insignia but also describes their effectiveness in the field and how this affected the fighting ability of the troops themselves. An impressive series of 350 full-colour drawings has been specially commissioned for this book. These are supported by 160 photographs of the combatants in action, along with 53 plates of insignia. The authenticity of the drawings, together with the comprehensive descriptions, make The Armed Forces of World War II an invaluable source of reference for all students of military uniform.

**Modern Military Uniforms** - Chris McNab 2000

Includes: U.S. and Canada, United Kingdom, Soviet Union, Europe, Israel, the Middle East, Africa, Asia, South Pacific, India and Pakistan, and Latin America; and webbing and equipment.  
20th Century Military Uniforms - Chris McNab 2002

300 uniforms from around the world.

Warriors - Martin Windrow 2015-10-20

From ancient times to the present day, the world's finest warriors have been marked out by a stunning variety of dress, tactics and equipment. This splendid collection of artwork and commentaries illustrates famous combatants from all the ages of military history, bringing them to life in incredible colour and detail. From the gleaming plate armour of the medieval knight to the sleek camouflage gear of modern special ops forces, from the distinctive attire of the Japanese samurai to the ballistic armour and modern electronics of Russia's elite Spetsnaz, this is an unmissable tour of history's most impressive fighting men.

The Military History Book - DK 2012-10-01

The world's weaponry is showcased inside this spectacular visual guide. From the spears and swords of ancient times to the guns and grenades of modern warfare, 5,000 years of weaponry is explored and explained in unprecedented detail. The Military History Book profiles key arms and armaments and conveys technologies and tactics across hundreds of pages of dramatic photography and accessible text. Find out how war is waged between battleships at sea, tanks on the battlefield, and fighter planes in the skies. Climb siege towers, drive chariots, enter medieval fortresses, fly unmanned drones, and detect stealth bombers. You will also experience virtual tours of iconic vehicles, including the T-34 Tank, the Lockheed F-117 Stealth Bomber, and the AH-64 Apache helicopter. And discover the leaders, battles, and weapons of war that have changed the course of history, and understand the lasting impact of global conflicts. This complete history of weaponry is essential reading for military enthusiasts of all ages.

**An Illustrated Encyclopaedia of Traditional Symbols** - J. C. Cooper 1987-03-17

In nearly 1500 entries, many of them strikingly and often surprisingly illustrated, J. C. Cooper has documented the history and evolution of

symbols from prehistory to our own day. With over 200 illustrations and lively, informative and often ironic texts, she discusses and explains an enormous variety of symbols extending from the Arctic to Dahomey, from the Iroquois to Oceania, and coming from systems as diverse as Tao, Christianity, Judaism, Buddhism, Islam, Tantra, the cult of Cybele and the Great Goddess, the Pre-Columbian religions of the Western Hemisphere and the Voodoo cults of Brazil and West Africa.

**An Illustrated Encyclopedia of Military Uniforms of the 19th Century** - Kevin F. Kiley 2010

Presents illustrations of weapons, uniforms, and historical scenes and covers the key armed conflicts of the nineteenth-century and how the nature of warfare changed.

**Military Uniforms Visual Encyclopedia** - Sarah Uttridge 2011

"A highly illustrated guide to military uniforms from the end of the eighteenth century to today, including uniforms from the Seven Years' War, American Civil War, World War I, World War II, Vietnam, Afghanistan. Featuring uniforms from famous units such as the Waffen-SS, 101st Airborne, The British Royal Navy, French Foreign Legion, US Marine Corps, and the Luftwaffe. Hundreds of artworks with each uniform shown in detail. Each uniform is accompanied by a detailed caption and specification box listing the country, date, unit, rank, theater, location, and conflict in which the uniform was worn" -- p. [4] of cover.

**An Illustrated Encyclopedia of Uniforms of World War II** - Jonathan North 2015-07-07

This unique illustrated book charts the development in military uniform in relation to a shifting world, in an incredible visual directory with expert analysis and commentary.

An Illustrated Encyclopedia of the Uniforms of the Roman World - Kevin F. Kiley 2013-01-01

Presents a visual reference of the fighting men of the period from 8th century BC to the fall of Constantinople in 1453, with images of military dress, weaponry, artillery, ships, siege engines, and fortifications.

**Color Profiles of World War I** - Giorgio Apostolo 1974

The Revolutionary and Napoleonic Period - Open University. War and Society Course Team 1973

*German Army Uniforms of World War II* - Stephen Bull 2021-02-04

In the years after World War I, the defeated and much-reduced German Army developed new clothing and personal equipment that drew upon the lessons learned in the trenches. In place of the wide variety of uniforms and insignia that had been worn by the Imperial German Army, a standardized approach was followed, culminating in the uniform items introduced in the 1930s as the Nazi Party came to shape every aspect of German national life. The outbreak of war in 1939 prompted further adaptations and simplifications of uniforms and insignia, while the increasing use of camouflaged items and the accelerated pace of weapons development led to the appearance of new clothing and personal equipment. Medals and awards increased in number as the war went on, with grades being added for existing awards and new decorations introduced to reflect battlefield feats. Specialists such as mountain troops, tank crews and combat engineers were issued distinctive uniform items and kit, while the ever-expanding variety of fronts on which the German Army fought - from the North African desert to the Russian steppe - prompted the rapid development of clothing and equipment for different climates and conditions. In addition, severe shortages of raw materials and the demands of clothing and equipping an army that numbered in the millions forced the simplification of many items and the increasing use of substitute materials in their manufacture. In this fully illustrated book noted authority Dr Stephen Bull examines the German Army's wide range of uniforms, personal equipment, weapons, medals and awards, and offers a comprehensive guide to the transformation that the German Army soldier underwent in the period from September 1939 to May 1945.

**British Army Uniforms from 1751 to 1783** - Carl Franklin 2013-05-19

"Of great use to anyone interested in the 18th century British Army as well as illustrators and others who need detailed information."—Classic Arms and Militaria Based on records and paintings of the time, this book identifies each cavalry and infantry regiment and illustrates

changes in uniforms, their facing colors, and the nature and shape of lace worn by officers, NCOs and private soldiers from 1751 to 1783.

Regiments that served in the American War of Independence are noted and the book includes more than 200 full-color plates of uniforms and distinctions. Divided into four sections, it not only details the cavalry and infantry uniforms of the period but also the tartans of the Highland regiments, some of which were short-lived, and the distinction of the Guards regiments. "A superb reference work, full of clearly researched details...it will be of value to family and military historians, re-enactors, figure painters, and wargamers."—FGS Forum

*Naval, Marine, and Air Force Uniforms of World War 2* - Andrew Mollo 1976

*The Illustrated Book of Guns* - David M. O. Miller 2000

Profiles more than one thousand gun models, including antiques, military weapons, and others, providing color photos, technical specifications, and details on their origins, performance, and use.

*Armies of the Seven Years War* - Digby Smith 2013-05-13

Drawn from many international sources, many not employed before in English-language publications, *Armies of the Seven Years War* is the finest reference work on this most complex of conflicts. It details the senior commanders, uniforms, weapons, equipment, artillery, strategy and tactics (military and naval) of the forces that fought - in effect - for world supremacy from 1756 to 1763. States involved included Austria, Bavaria, Britain, Brunswick, Hanover, Hessen-Darmstadt, Hessen-Kassel, France, the Palatinate, Portugal, Prussia, Russia, Spain, Sweden, Württemberg and the minor states of the Holy Roman Empire. The colonial struggle in North America is not neglected. Coverage of the uniforms and colours is in depth. The tactics of the 'horse and musket' era are examined, as are Frederick the Great's abilities as a war leader who led his armies against the rest of continental Europe. With over 280 illustrations and specially commissioned battle maps, *Armies of the Seven Years War* is an invaluable resource for the modeller and wargamer, as well as a clear analysis of an

extraordinary period of international conflict for all those with an interest in the history of empire. William Pitt, 1st Earl of Chatham, Britain's war leader, stated that 'America was won in Germany.' How could Prussian successes on the continent of Europe have sounded the death knell for New France and Spanish ambitions in North America? *Armies of the Seven Years War* explains the connection and the outcomes of all the complex alliances that led to the 'first world war'.

**Camouflage at War** - Martin J. Dougherty  
2017-04-11

*Camouflage at War* explores uniforms, military vehicles and buildings from World War I to the present day. From a dummy tank in North Africa in World War II to the different uniforms of Waffen-SS on the Eastern Front soldiers to zebra-striped dazzle ships in the north Atlantic to today's digital pixelated pattern uniforms used by US soldiers in Iraq and Afghanistan, the book is a wide-ranging examination of the developments and wrong turns in military camouflage all around the world. Although this was military work, the inspiration often came from the natural world and the designers were civilian artists. As we move further into the 21st century, the use of camouflage is changing. Straightforward visual camouflage is less important for aircraft as they can be picked up by heat sensors, so the task becomes to create non-visual camouflage, deflect radar signals and reduce their signature. Today, technology is being developed to project live images on to bodies, so that they appear invisible. From uniforms to tanks, from ships to aircraft to military buildings disguised as civilian ones, the book is an expert account of how different countries have sought to hide their forces in plain view for the past century. Packed with 200 colour and black and white photographs and colour artworks, *Camouflage at War* is a fascinating exploration of how warfare has changed over the last hundred years.

*History of World War II* - 2019-03-14

**Silver Screen Fiend** - Patton Oswalt  
2015-10-13

"Between 1995 and 1999, Patton Oswalt lived with an unshakable addiction. It wasn't drugs, alcohol or sex: it was film. After moving to L.A.,

Oswalt became a huge film buff (or as he calls it, a sprocket fiend), absorbing classics, cult hits, and new releases at the New Beverly Cinema. Silver screen celluloid became Patton's life schoolbook, informing his notion of acting, writing, comedy, and relationships. Set in the nascent days of L.A.'s alternative comedy scene, Oswalt's memoir chronicles his journey from fledgling stand-up comedian to self-assured sitcom actor, with the colorful New Beverly collective and a cast of now-notable young comedians supporting him all along the way"--  
*Nelson at Naples* - Jonathan North 2018-07-15  
The forgotten crime of England's greatest hero, Nelson, in the midst of his affair with Lady Hamilton.

**The Illustrated Encyclopedia of Weapons of World War I** - Chris Bishop 2014

Profiles and provides photographs of over three hundred land, air, and naval weapons used in World War I, including armoured vehicles, rifles, airships, battleships, and submarines.

*The German Army 1939-45 (5)* - Nigel Thomas  
2012-08-20

This book covers the high command, the developments in unit organisation, the campaigns and the uniforms and equipment of the German Army in the last two years of the war in North-West Europe and Italy. Despite the huge pressure of fighting on three fronts, ever-worsening shortages of manpower and equipment, and Allied command of the skies, Germany's decimated divisions fought on with impressive skill and determination. This period also saw a fascinating mixture of obsolescent, newly designed, and field-made combat clothing which gave the German soldier a radically different appearance from his predecessor of just five years before. Men-at-Arms 311, 316, 326, 330 and 336 are also available in a single volume special edition titled 'German Army in World War II'.

*An Illustrated Encyclopedia of Uniforms from 1775-1783, the American Revolutionary War* - Digby Smith 2008

A definitive analysis of the weapons, equipment, deployment, tactics and motivation of these national forces, as well as fascinating detail of day-to-day life for the soldiers that fought the battles

*Encyclopedia of United States Army Insignia and*

*Uniforms* - William K. Emerson 1996  
army branches - infantry, artillery, cavalry, and engineers - as well as the service and support branches comprising doctors and nurses, chaplains, musicians, quartermasters, military police, and the many others who have made up the U.S. Army. Insignia worn by all soldiers, such as eagles, devices with the letters US, and other letters and numbers, are also described and illustrated. Historians, military collectors, military reenactors, antique dealers and collectors,

*World War II: Visual Encyclopedia* - DK  
2015-08-04

This comprehensive visual encyclopedia explores World War II in fascinating detail and explains why this global event must never be forgotten. *World War II: Visual Encyclopedia* shows children the causes, battles, people, and aftermath, while cutting-edge CGI technology brings infamous events back to life. Learn about weaponry, tanks, ships, aircraft, campaigns, and

military strategies. Read firsthand accounts of major campaigns and battles throughout the war. Uncover hundreds of biographies of wartime leaders and brave soldiers who served on the battlefields. Find out how technological advances influenced the final outcome. Key information is available at a glance, alongside data boxes, facts and stats, and inspiring quotations. From the fastest fighter plane to the longest battle, you'll discover everything you ever wanted to know, and much, much more. Whether you're a history buff or simply want help on a school project, this standout reference covers every aspect of World War II and the important part it has played in world history

**World War Two** - 2009

Published to commemorate the 70th anniversary of World War II, this completely new account of one of the deadliest conflicts in history opens with the buildup of hostility leading up to the war and concludes with the war's impact on modern history. 1,200 photos.
