Righteous Porkchop - Nicolette Hahn Niman 2010-10-19

Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, Righteous Porkchop chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.

Dr. J - Julius Erving 2013-11-05

"A terrific memoir by a man worthy of one." — Sports Illustrated An honest, unflinching self-portrait of the basketball legend whose classy public image as a superstar and a gentleman masked his personal failings and painful losses, which he describes here—from his own point of view—for the very first time. For most of his life, Julius Erving has been two men in one. There is Julius, the bright, inquisitive son of a Long Island domestic worker who has always wanted to be respected for more than just his athletic ability, and there is

Dr. J, the cool, acrobatic showman whose flamboyant dunks sent him to the Hall of Fame and turned the act of jamming a basketball through a hoop into an art form. In many ways, Erving's life has been about the push and pull of Julius and The Doctor. It is Dr. J who has stories to tell of the wild days and nights of the ABA in the 1970s, and of being the seminal figure who transformed basketball from an earthbound and rigid game into the creative, free-flowing aerial display it is today. He has a long list of signature plays - he's famous for winning the first dunk contest in 1976 with a jam on which he lifted off from the foul line, and he made a miraculous layup against the Lakers on which he soared behind the backboard before reaching back in to flip the ball in on the other side, with one hand. He inspired a generation of dunkers, including Michael Jordan, to express their improvisational talents. But Julius wasn't always as graceful and in control as Dr. J. Erving had a pristine image throughout his career and early retirement, but he was far from a perfect man. Here he gives detailed accounts of some of the personal problems he faced -- or created -- behind the scenes, including the adulterous affair with sports writer Samantha Stephenson, which led to the birth of his daughter, professional tennis player Alexandra Stephenson. Though his marriage survived that infidelity, the death of Erving's 20-year-old son Cory in 2000 in a tragic accident proved too much for the union to bear. Erving paints a raw, heartbreaking picture of the dissolution of his marriage, as his wife Turquoise began to blame him for his refusal to be paralyzed by grief for as long as she was. Their intense arguments came to a head when Erving stepped out of the shower one day to find his wife holding a lamp in one hand and a vase in the other, ready for a physical confrontation. "I knew somebody was going to get hurt, and it wasn't going to be me," he says. He packed a suitcase and he and Turquoise never lived under the same roof again. Erving's story is a tale of the nearly perfect player and the imperfect man, and how he has come to terms with both of them. It will appeal to readers on a sports level and on a human one.
