Room to Dream - David Lynch 2018-06-19
NEW YORK TIMES BESTSELLER • An unprecedented look into the personal and creative life of the visionary auteur David Lynch, through his own words and those of his closest colleagues,

friends, and family “Insightful . . . an impressively industrious and comprehensive account of Lynch’s career.”—The New York Times Book Review In this unique hybrid of biography and memoir, David Lynch opens up for the first time about a life lived in pursuit of his singular vision, and the many heartaches and struggles he’s faced to bring his unorthodox projects to fruition. Lynch’s lyrical, intimate, and unfiltered personal reflections riff off biographical sections written by close collaborator Kristine

McKenna and based on more than one hundred new interviews with surprisingly candid ex-wives, family members, actors, agents, musicians, and colleagues in various fields who all have their own takes on what happened. Room to Dream is a landmark book that offers a onetime all-access pass into the life and mind of one of our most enigmatic and utterly original living artists. With insights into . . . Eraserhead The Elephant Man Dune Blue Velvet Wild at Heart Twin Peaks Twin Peaks: Fire Walk with Me Lost Highway The Straight Story Mulholland Drive INLAND EMPIRE Twin Peaks: The Return Praise for Room to Dream "A memorable portrait of one of cinema's great auteurs . . . provides a remarkable insight into [David] Lynch's intense commitment to the 'art life.'" —The Guardian "This is the best book by and about a movie director since Elia Kazan's A Life (1988) and Michael Powell's A Life in Movies (1986). But Room to Dream is more enchanting or

appealing than those classics. . . What makes this book endearing is its chatty, calm account of how genius in America can be a matter-of-fact defiance of reality that won't alarm your dog or save mankind. It's the only way to dream in so disturbed a country."—San Francisco Chronicle

The True History of the Elephant Man - Michael Howell 1980

The touching story of Joseph Merrick, a nineteenth-century cripple, who became the most famous "professional freak" in history.

A Taste for Monsters - Matthew J. Kirby 2016-09-27

The mesmerizing story of a young woman in Victorian London, who, haunted by the ghosts of Jack the Ripper's victims, is set on a terrifying path to salvation. London 1888, and Jack the Ripper is terrorizing the people of the city. Evelyn, a young woman disfigured by her dangerous work in a matchstick factory with nowhere to go, does not know what to make of her new

position as a maid to the Elephant Man in London Hospital. Evelyn wanted to be locked away from the world, like he is, shut away from the filth and dangers of the streets. But in Joseph Merrick, the Elephant Man, she finds a gentle kindred, who does not recoil from her, and who understands her pain. When the murders begin, however, Joseph and Evelyn are haunted nightly by the ghosts of the Ripper's dead, setting Evelyn on a path to facing her fears and uncovering humanity's worst nightmares, in which the real monsters are men. A terrifying and haunting tale from the Edgar and PEN Award-winning author of *Icefall*, Matthew J. Kirby. *Articulating the Elephant Man* - Peter W. Graham 1992

The surgeon Frederick Treves and the anthropologist Ashley Montagu helped make him famous. Filmmaker David Lynch and playwright Bernard Pomerance made him a star. According to the popular press, singer Michael Jackson wanted to buy his bones from London

Hospital. Stories about Joseph Merrick--the "Elephant Man" of Victorian England--combine elements of myth and fable, tragedy and melodrama, freak show and farce. And they seem to have perennial appeal. In *Articulating the Elephant Man*, Peter W. Graham and Fritz H. Oehlschlaeger examine how the phenomenon called "the Elephant Man" has been constructed and reconstructed--how Joseph Merrick has been transformed from a suffering individual into an exhibit, a shape-shifting curiosity whose different guises variously suit the needs of particular audiences, genres, and interpreters. Merrick's "presenters" have been a varied group of artists, medical experts, scholars, and biographers. But preceding them all is Merrick himself, no mere passive sufferer but an individual who bravely endured--and, when he had to, successfully exploited--his outrageous bodily disorder. According to Graham and Oehlschlaeger, each account--starting with Merrick's

autobiographical pamphlet-- blends description and creation, observation and self-revelation, and the selective recording, alteration, and suppression of details. Telling the story of the Elephant Man, whether as a drama, a film, a sequence of poems, or a medical case study, often reveals as much about the observer as it does about the subject. The Victorians' accounts of Merrick, for example, reflect that era's tendency to normalize the extraordinary, to colonize the exotic. For them, Merrick was both an ideal object of charity and a challenge to their most basic assumptions about humanity. In our own time, Merrick is cast as the ultimate outsider. If it was culturally convenient for the Victorians to patronize Merrick and congratulate his "benefactors," contemporary cultural biases make it easier for us to admire him as a subversive hero and to debunk his "exploiters." Like the hero of a folk tale, the real Merrick suffered indignities but enjoyed a dramatic change

of fortune. At the end of his life, he had attained a measure of comfort, a small portion of fame, and the courteous notice of the eminent, the beautiful, even the royal. At the heart of his story, the authors suggest, is Merrick's humanity--and telling his story helps us define our own. Merrick faced what every human being who grows old or falls ill must endure, the sufferer's painful questions about cause and effect, about personal guilt or cosmic cruelty. He knew the isolation felt by every outsider--the poor, the homeless, the victimized, even the modern "superstar." And, like each of us, he must have wondered if appearance is, after all, a misleading mask.

The Billionaire Murders - Kevin Donovan 2019-10-29

NATIONAL BESTSELLER A top journalist crosses the yellow tape to investigate a shocking high-society crime. Billionaires, philanthropists, socialites . . . victims. Barry and Honey

Sherman appeared to lead charmed lives. But the world was shocked in late 2017 when their bodies were found in a bizarre tableau in their elegant Toronto home. First described as murder-suicide — belts looped around their necks, they were found seated beside their basement swimming pool — police later ruled it a staged, targeted double murder. Nothing about the case made sense to friends of the founder of one of the world's largest generic pharmaceutical firms and his wife, a powerhouse in Canada's charity world. Together, their wealth has been estimated at well over \$4.7 billion. There was another side to the story. A strategic genius who built a large generic drug company — Apotex Inc. — Barry Sherman was a self-described workaholic, renowned risk-taker, and disruptor during his fifty-year career. Regarded as a generous friend by many, Sherman was also feared by others. He was criticized for stifling academic freedom and using the courts to win at all

costs. Upset with building issues at his mansion, he sued and recouped millions from tradespeople. At the time of his death, Sherman had just won a decades-old legal case involving four cousins who wanted 20 percent of his fortune. Toronto Star investigative journalist Kevin Donovan chronicles the unsettling story from the beginning, interviewing family members, friends, and colleagues, and sheds new light on the Shermans' lives and the disturbing double murder. Deeply researched and authoritative, *The Billionaire Murders* is a compulsively readable tale of a strange and perplexing crime. [The Elephant Man](#) - Tim Vicary 2012

The Elephant Man - Ashley Montagu 1972

"Joseph Carey Merrick (1862-1890) suffered from a debilitating, deforming condition. It may have been neurofibromatosis, but tests have still proven inconclusive. As a result of his massive

deformities, he was dreadfully mistreated and “put on display” in “freak shows.” His condition impacted his right side more than his left. Despite his horrific treatment, at the hands of many, he maintained his grace and dignity until the end of his life. He was called “The Elephant Man” and, during the fall of 1888, lived in a hospital in the Whitechapel area of London”—Taken from Awesome stories website.

Think Like a Monk - Jay Shetty
2020-09-08

Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you’ll understand:

- How to overcome negativity
- How to stop overthinking
- Why comparison kills love
- How to use your fear
- Why you can’t find happiness by looking for it
- How to learn from everyone you meet
- Why you are not your thoughts
- How to find your purpose
- Why

kindness is crucial to success - And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk’s path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world’s largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world’s

most popular influencers. In 2017, he was named in the Forbes magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, On Purpose, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, Think Like a Monk reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that

everyone can—and should—think like a monk.

Elephant Man - Bernard Pomerance 2007-12-01

"An enthralling and luminous play" about the nineteenth-century man whose physical deformity doomed him to the life of an outcast: "haunting [and] splendid" (The New York Times). The *Elephant Man* is based on the life of John Merrick, who lived in London during the latter part of the nineteenth century. A horribly deformed young man, a freak attraction in traveling side shows, is found abandoned and helpless and is admitted for observation to Whitechapel, a prestigious London hospital. Under the care of a famous young doctor who educates him and introduces him to London society, Merrick changes from a sensational object of pity to the urbane and

witty favorite of the aristocracy and literati. But his belief that he can become a man like any other is a dream never to be realized. After premiering in London, *The Elephant Man* went on to Broadway where it won the Tony for Best Play in 1979. It was later revived in a Broadway production starring Bradley Cooper. "The *Elephant Man* is a moving drama. Lofted on poetic wings, it nests on the human heart." —Time Magazine

Words for Elephant Man - Kenneth Sherman 2014-05-14
'Man is a / fascinating animal', Kenneth Sherman writes, and it is this fascination that drives the narrative in *Words for Elephant Man*. Written in the voice of Joseph Merrick, the 'Elephant Man' plagued with a disfiguring condition that ravaged much of his body, Sherman reveals his subject to be more than just a living fascination. Sherman's Merrick, acutely observant, is equally fascinated by those around him. Using found lines from historical record interwoven with his own

beautifully rendered verse, Sherman's collection triumphs as a haunting, eloquent portrait of a man whose body was both disabler and enabler, a man who was both a commodity and a salesman, mechanical and organic, and whose extraordinary circumstances overshadowed the remarkably ordinary desires he shared with humanity. Sherman's Merrick is observant, clever and authentic, and possessed of a voice that resonates through the years and into the hearts and minds of readers.

The Elephant in the Room - Tommy Tomlinson 2020-01-14 ONE OF NPR'S BEST BOOKS OF 2019 A "warm and funny and honest...genuinely unputdownable" (Curtis Sittenfeld) memoir chronicling what it's like to live in today's world as a fat man, from acclaimed journalist Tommy Tomlinson, who, as he neared the age of fifty, weighed 460 pounds and decided he had to change his life. When he was almost fifty years old, Tommy Tomlinson weighed an astonishing—and

dangerous—460 pounds, at risk for heart disease, diabetes, and stroke, unable to climb a flight of stairs without having to catch his breath, or travel on an airplane without buying two seats. Raised in a family that loved food, he had been aware of the problem for years, seeing doctors and trying diets from the time he was a preteen. But nothing worked, and every time he tried to make a change, it didn't go the way he planned—in fact, he wasn't sure that he really wanted to change. In The Elephant in the Room, Tomlinson chronicles his lifelong battle with weight in a voice that combines the urgency of Roxane Gay's Hunger with the intimacy of Rick Bragg's All Over but the Shoutin'. He also hits the road to meet other members of the plus-sized tribe in an attempt to understand how, as a nation, we got to this point. From buying a Fitbit and setting exercise goals to contemplating the Heart Attack Grill in Las Vegas, America's "capital of food porn," and modifying his

own diet, Tomlinson brings us along on a candid and sometimes brutal look at the everyday experience of being constantly aware of your size. Over the course of the book, he confronts these issues head-on and chronicles the practical steps he has to take to lose weight by the end. "What could have been a wallow in memoir self-pity is raised to art by Tomlinson's wit and prose" (Rolling Stone). Affecting and searingly honest, *The Elephant in the Room* is an "inspirational" (The New York Times) memoir that will resonate with anyone who has grappled with addiction, shame, or self-consciousness. "Add this to your reading list ASAP" (Charlotte Magazine).

Making The Elephant Man - Jonathan Sanger 2016-10-07

The true story of John (Joseph) Merrick--a.k.a. the Elephant Man--has captured the imagination of generations of audiences, critics, actors and filmmakers. In 1978, producer Jonathan Sanger received a screenplay from two unknown writers about a hideously disfigured man who refused to fall victim to despair and instead exemplified human dignity. Reading it (twice), Sanger was determined that Merrick's story would be told. This book is Sanger's unvarnished first-person

account of how *The Elephant Man* (1980) was made. His adventure in filmmaking--itself a study in triumph over despair--involved special effects nightmares, scheduling conflicts, location issues and many risky decisions.

Assembling a team that included Mel Brooks (executive producer), David Lynch (director) and actors John Hurt and Anthony Hopkins, Sanger persevered in making this inspiring, award-winning film.

Joseph - Joanne Vigor-Mungovin, 2019-04

The story of Joseph Carey Merrick, more popularly known as the Elephant Man, passed into the realm of legend from the moment he was first exhibited at John Ellis's Bee Hive public house in Nottingham's Beck Street. Much of what has been written about his short life has been distorted and exaggerated, to

the point where the most well-known depiction - the 1980 film starring John Hurt - left an indelible imprint of cruelty and suffering at the hands of Joseph's manager, and an eventual rescue by Dr. Frederick Treves of the London Hospital. The truth is rather different. Peeling back the layers of myth, Joanne Vigor-Mungovin has looked into the early life of Merrick and his family in her hometown of Leicester, and here presents, for the first time, detailed information about Joseph's family and his burning ambition to be self-sufficient rather than survive on the charity of others.

Reminiscences of The Elephant Man - Frederick Treves
2021-02-16

Tragic as the life of Joseph Merrick was, Sir Frederick Treves' compassion for and friendship with the Elephant Man is to be celebrated. Though the doctor's studies couldn't cure his patient, the time that Treves spent with him revealed a side of Merrick that had been hidden away.

The Elephant Man's intellect, joy in the little things, and positive attitude despite his challenges were a triumph of humanity. This text is reprinted from Treves' 1923 book, *The Elephant Man and Other Reminiscences*. The newspaper articles that follow share additional details of Merrick's life and death.
