Buyology - Martin Lindstrom 2010-02-02

NEW YORK TIMES BESTSELLER • "A fascinating look at how consumers

perceive logos, ads, commercials, brands, and products."—Time How much do we know about why we buy? What truly influences our decisions in today's message-cluttered world? In *Buyology*, Martin Lindstrom presents the astonishing findings from his groundbreaking three-year, seven-million-dollar neuromarketing study—a cutting-edge experiment that peered inside the brains of 2,000 volunteers from all around the world as they encountered various ads, logos, commercials, brands, and products. His startling results shatter much of what we have long believed about what captures our interest—and drives us to buy. Among the questions he explores: • Does sex actually sell? • Does subliminal advertising still surround us? • Can "cool" brands trigger our mating instincts? • Can our other senses—smell, touch, and sound—be aroused when we see a product? *Buyology* is a fascinating and shocking journey into the mind of today's consumer that will captivate anyone who's been seduced—or turned off—by marketers' relentless attempts to win our loyalty, our money, and our minds.

Daring Greatly - Brené Brown 2013-01-17

Researcher and thought leader Dr. Brené Brown offers a powerful new vision in *Daring Greatly* that encourages us to embrace vulnerability and imperfection, to live wholeheartedly and courageously. 'It is not the critic who counts; not the man who points out how the strong man stumbles, or

where the doer of deeds could have done them better. The credit belongs to the man who is actually in the arena, whose face is marred by dust and sweat and blood; who strives valiantly; . . . who at best knows in the end the triumph of high achievement, and who at worst, if he fails, at least fails while daring greatly' -Theodore Roosevelt Every time we are introduced to someone new, try to be creative, or start a difficult conversation, we take a risk. We feel uncertain and exposed. We feel vulnerable. Most of us try to fight those feelings - we strive to appear perfect. Challenging everything we think we know about vulnerability, Dr. Brené Brown dispels the widely accepted myth that it's a weakness. She argues that vulnerability is in fact a strength, and when we shut ourselves off from revealing our true selves we grow distanced from the things that bring purpose and meaning to our lives. Daring Greatly is the culmination of 12 years of groundbreaking social research, across the home, relationships, work, and parenting. It is an invitation to be courageous; to show up and let ourselves be seen, even when there are no guarantees. This is vulnerability. This is daring greatly. 'Brilliantly insightful. I can't stop thinking about this book' -Gretchen Rubin Brené Brown, Ph.D., LMSW is a #1 New York Times bestselling author and a research professor at the University of Houston Graduate College of Social Work. Her groundbreaking work was featured on Oprah Winfrey's Super Soul Sunday, NPR, and CNN. Her TED talk is one of the most watched TED talks of all time. Brené is also the author of The Gifts of Imperfection and I Thought It Was Just Me (but it isn't).

Becoming a Welcoming Church - Thom S. Rainer 2018-03-01

Most church members don't see their churches clearly. In almost all of Thom S. Rainer's consultations, church members perceive their church to be friendly. But as he surveyed guests, he found that the guests typically saw church members as unfriendly. The perception chasm existed because the members were indeed friendly . . . to one another. The guests felt like they crashed a private party. Bestselling author Thom Rainer (I Am a Church Member, Autopsy of a Deceased Church) has a game plan for churches to become more hospitable. In a format that is suitable for church members to read individually or study together, Rainer guides readers toward a practical framework for making a difference for those who visit their church. Churches may use Becoming a Welcoming Church to assess and audit where they are on a spectrum between welcoming and wanting. Additionally, churches can use the companion book We Want You Here to send guests home with a compelling vision for what pastors want every guest to know when they visit.

Your Mind Matters - John Stott 2013-04-05

"Knowledge is indispensable to Christian life and service," writes John Stott. "If we do not use the mind which God has given us, we condemn ourselves to spiritual superficiality." While Christians have had a long heritage of rigorous scholarship and careful thinking, some circles still view the intellect with suspicion or even as contradictory to Christian faith. And many non-Christians are quick to label Christians as anti-intellectual and obscurantist. But this need not be so. In this classic introduction to Christian thinking, John Stott makes a forceful appeal for Christian discipleship that engages the mind as well as the heart.

Mary - Raniero Cantalamessa 1992

Mary is a great gift and example to all Christians because in her God's Word was written and by her it was accepted and its grace manifested. In this she is, as the title indicates, a mirror of the Church, the people of God. She reflects what we are called to be. While this work cannot help but discuss aspects of Mariology, it is not so much a study as it is a pilgrimage. Reflecting on and following Mary's example, as Father Cantalamessa presents it here, we enter into a pilgrimage of listening and obedience to God's Word.

The World's Most Powerful Leadership Principle - James C. Hunter
2004-06-29

To lead is not to be "the boss," the "head honcho," or "the brass." To lead is to serve. Although serving may imply weakness to some, conjuring up a picture of the CEO waiting on the workforce hand and foot, servant leadership is actually a robust, revolutionary idea that can have significant impact on an organization's performance. Jim Hunter champions this hard/soft approach to leadership, which turns bosses and managers into coaches and mentors. By "hard," Hunter means that servant leaders can be hard-nosed, even autocratic, when it comes to the basics of running the business: determining the mission (where the company is headed) and values (what the rules are that govern the journey) and setting standards and accountability. Servant leaders don't commission a poll or take a vote when it comes to these critical fundamentals. After all, that's what a leader's job is, and people look to the leader to set the course and establish standards. But once that direction is provided, servant leaders turn the organizational structure upside down. They focus on giving employees everything they need to win, be it resources, time, guidance, or inspiration. Servant leaders know that providing for people and engaging hearts and minds foster a workforce that understands the benefits of striving for the greater good. The emphasis is on building authority, not power; on exerting influence, not intimidation. While many believe that servant leadership is a wonderful, inspiring idea, what's been missing is the how-to, the specifics of implementation. Jim Hunter shows how to do the right thing for the people you lead. A servant leader or a self-serving leader: Which one are you? With Jim Hunter's guidance, everyone has the potential to develop into a leader with character who leads with authority.

Counsel for Christian Workers - Charles Spurgeon 2017-07-24

"Counsel for Christian Workers" is a heart-warming call for Christians to take their main duty seriously - that is the call to enlarge God's Kingdom on earth, and to do this with energy, enthusiasm, earnestness, zeal, and knowledge. As with other books by Charles Haddon Spurgeon, the Prince of Preachers, this one is not for the faint-hearted, but for those who are devoted totally to their Lord and Savior Jesus Christ. To those who are saying something like "How I would like to be one of these!", Spurgeon replies with a clear "Well, you don't need a large congregation, because there is a pulpit in every street in London." But Spurgeon's starting point is his readers' own salvation. He quotes, "Knowing the terrors of the Lord we persuade men", then adding "what loss would it be to you, if you did lose all the world, and gained your soul?" and then "it is the best and most convenient that each householder should sweep before his own door". This book has been originally published in 1896. This edition has been edited for modern readers, typeset for eBook readers, and proofread. About the author: Charles Haddon Spurgeon (1834-1892) was born in Kelvedon, Essex, England. He converted to Christianity in 1850 at a small Methodist chapel, and shortly after that he began his own ministry of preaching and teaching, and preached more than 500 sermons by the age of 20. During his ministry, he preached to more than 10 million people, wrote tens of books, and published his sermons in over 25,000 copies on a weekly basis. Charles Spurgeon suffered from poor health and he died on January 31, 1892, and was buried in London.

I Don't Have Enough Faith to Be an Atheist - Norman L. Geisler
2021-05-17

To some, the concept of having faith in a higher power or a set of religious beliefs is nonsensical. Indeed, many view religion in general, and Christianity in particular, as unfounded and unreasonable. Norman Geisler and Frank Turek argue, however, that Christianity is not only more reasonable than all other belief systems, but is indeed more rational than unbelief itself. With conviction and clear thinking, Geisler and Turek guide readers through some of the traditional, tested arguments for the existence of a creator God. They move into an examination of the source of morality and the reliability of the New Testament accounts concerning Jesus. The final section of the book deals with a detailed investigation of the claims of Christ. This volume will be an interesting read for those skeptical about Christianity, as well as a helpful resource for Christians seeking to articulate a more sophisticated defense of their faith.
